it comes

It comes as a surprise to a
great many patients
when they realise how
remarkably swift and simple it
can be to *eradicate*
roundworms — by means
of 'Antepar'.

Indeed, it can be said with
certainty that 'Antepar'
has completely transformed
the treatment of this once
intractable condition.

And it may well come as a
surprise to you to know
that 'Antepar' treatment has
recently been further
improved — and
now comprises just one
dose of one fluid

☀
ounce of 'Antepar' Elixir.

Could you wish for a
simpler routine?

* This is the dosage for older children and adults. A single dose of $\frac{3}{4}$ fl. oz. suffices for infants and young children.

‘ ANTEPAR ’ treatment of threadworm infestation has also been simplified—and now consists of *once-daily* doses over a period of seven days.

Clinical samples and dosage chart will gladly be sent on request.

'ANTEPAR'

TRADE MARK

CONTAINS:

Piperazine citrate equivalent to
500 mgm. piperazine per fluid
drachm.

Bottles of 1, 4 and 20 fl. oz.

'Antepar' is also available now in
tablet form.
