**TOGETHER WE CAN STOP  
THE SPREAD OF HIV**

**COUNT ME IN.** 

No one wants to catch HIV, but every year more and more gay men are infected and will live with the negative effects for the rest of their lives.

The **COUNT ME IN.**  campaign is calling on all gay men to help stop the spread of HIV in our community by agreeing to this easy five-point action plan:

- I will know my HIV status.**
- I will not assume I know someone else's HIV status.**
- I will take personal responsibility for using condoms.**
- I will value myself and my health.**
- I will stay informed about HIV and how it is spread.**

If every gay man in the UK followed this plan, we could stop HIV damaging any more lives.

**It's time for us all to  
stand up and be counted!**
