The National Population Logo

'Nigeria's New Baby'

The Logo is a symbol of hope for families of today and tomorrow. This Logo means that every Nigerian child should be born healthy, wanted and loved. The man, woman and child represent the beginning of a happy family.

This Logo was designed in 1988, when the Federal Ministry of Health realized the need for a symbol that will help promote child-spacing throughout Nigeria.

In the weeks ahead, wherever you see this Logo, child-spacing advice and services will be available.
