DETAILS OVERLEAF.

Jersey Pathological Laboratory,

7, David Place,

Jersey.

3 January, 1939.

The Honorary Treasurer,
Jersey Dispensary and Infirmary.

Dear Sir,

I enclose my account for the past three months and should be glad if you would deal with it.

As I am leaving my present occupation immediately I have recently been going through all my accounts and I find that the following tests done for the Dispensary were never paid for. This is almost certainly due to an oversight on my part and I cannot expect the Dispensary to make it good now. I should however, be grateful if you would give me these patients' addresses and some indication of their ability to pay as I expect that it will be necessary for me to make some reduction in most cases
