Dear Major Gayer-Anderson,

Please accept our very hearty thanks for your kindness in presenting your interesting collection of objects you gathered in the Sudan to this Museum. I need hardly say how much we shall value them, and how greatly they add to the interest of the collection. I will respect your wish as far as I can, and will keep them together wherever possible in our scheme of classification. I am sure Mr. Wellicome will be equally pleased to learn of your kind gift to the Museum, of which I will advise him the first time I write.

Many thanks also for the gift of the old medical work 'Euodi which has duly come to hand, and which I am very glad to have for our library.

It gives me great pleasure to know how pleased you were with the Museum, and I shall look forward to seeing you on your next visit, and trust you will have more time to spare. If you will 'phone to me in the morning of the day you are going to call, I will make a point of being in.

Dr. Balfour returned last week, and although I have not seen

him yet, I feel sure he will be very pleased to see you at the Wellcome Bureau of Scientific Research, 10, Henrietta Street, W. when you are again in town.

With many thanks for your kindness,

Faithfully yours,

C.J.S.T.

Dear Major Anderson,

Many thanks for so kindly sending the nice little engraving of the alchemist duly to hand which I shall be glad to add to our collection of prints. It is an exceedingly good copy, and you may be interested to know that we have an oil painting of the original in the Museum.

Trusting you are well, and hoping to see you the next time you are in London,

I am,

Faithfully yours,

C.J.S.T.
