'14/'15

H.M.M.

26 April 1915.

Sir James Fowler, K.C.V.O.,  
35. Clarges Street,  
Mayfair, S.W.

Dear Sir,

I beg to enclose you a "Bibliography of Yellow Fever"  
which one of my assistants has made from the British Museum  
catalogue, and I trust it may be of some service to you.

I am,

Faithfully yours,

C.J.S.T.

March 4th. 1914.

Sir James Fowler, K.C.V.O.

Dear Sir,

Dr. Sambon is back now and is anxious to get to work on all our books on Tropical Medicine that deal in any way with Pellagra and I shall esteem it a favour if you can let me have at an early date:-

Lind's Diseases of Europeans in Hot Climates, and

Hunter's Observations on the Health of the Army in the West Indies.

Should you wish to have these again I shall keep a note and see that you get them when Dr. Sambon has finished with them.

Yours faithfully,

Librarian.

Sir James Kingston Fowler, K.C.V.O.,

Piccadilly, W.

~~John Hunter~~

Dear Sir

If you have not already seen Dr John Hunter's "Observations on the Discipline of the Army in Jamaica," London, 1788, you may find some interesting matter in it relating to Yellow Fever. We have a copy which you could have for a fortnight if you would like to ~~see~~ look through it. After the 27<sup>th</sup> <sup>inst.</sup> Dr. Sambon will want it and Lindt took which you borrowed from us on December 12<sup>th</sup> last, in connection with his Pellagra ~~researches~~ researches, but you may have them again as soon as he has ~~looked~~ been through them, if you are unable to finish with them by that time. No doubt you are acquainted with the numerous references to Yellow Fever in "Janus."

Yours very truly,

Librarian
