December 24th 1907

Dear Mr Walsh,

Pray pardon me for the delay in replying to your letter of a few days since. I have been under great stress of work and away a great deal, and am just at this hour leaving for an extensive tour abroad.

When I return about the 1st of June next I shall be very pleased to have a chat with you over the subject of your letter.

I want you to know that I am very appreciative of your kind interest in the Historical Medical Exhibition, and all the efforts you have already made to promote its success. There are only too few who really take an interest in these historical matters, and I have it very keenly at heart.

Trusting to have the pleasure of seeing you when I return,

I remain,

Yours very truly,

Henry S. Wellcome,
