He was exposed to severe & acute
dysentery & much vomiting & owing
to breaking down of his strength.

on way out from home
he August 1855. he got ill
3 days before reaching
Columbo. It came on with
pains in stomach & right
side & much rest & straightened
himself. fever. sweat much
& shivered if the clothes came
off him. When he slept
the vomes with perspiration
but when awake could
not perspire & kept shivering
could not lie on right side
put in mustard plaster
could walk almost then
at Penang saw Doctor
he said he had inflammation
of the side. no cough no
diarrhea - no vomiting
could not eat.

at Singapore saw Doctor
who said he had inflammation
of the liver. he went to hospital
3 days. They listened to him
then he could lie in any
position. but burning pain
removed. He then came on
here at Hongkong Sept. 6th

then walked to hospital 10th Sept
Oct. 14th now quite recovered
going to sea.

St. John's, N.S., Dec. 18th 1881

Dear Mother

I received your letter of the 14th and was glad to hear from you. I am well and hope these few lines will find you the same. I have not much news to write at present. The weather here is very cold and the snow is deep. I have not been out much lately. I am looking forward to seeing you again. Write soon.

Your affectionate son, John Smith
