TILLEY, E.A. THETFORD.

1914

6 April 1914.

Dear Sir,

I regret absence from town has prevented my replying to your letter sooner.

The old root-cutter which you have so kindly sent for the Wellcome Historical Medical Museum is interesting, but I am afraid is of little value. We should be glad to keep it here for exhibition in connection with one of the Pharmacies, if you would kindly allow us to do so.

I am,

Faithfully yours,

C. T.

Dear Sir

^{of March 31.}
In reply to yours, if you will remember
towards the latter end of last year I wrote
I asked if you would care to have for show-
purposes the old cutter. You said that
you would, I have had no time previously
to forward. Should be glad to know
if it is of any historical value.

Yours faithfully
E. A. Tilley

P.S.

Am staying at 342 Bridton Road S.W. for
the next few days.

Dear Sir,

We have duly received an old root cutter which we think from the name on the label has been kindly sent by you for the Wellcome Historical Medical Museum. We should be glad if you would kindly let us have some particulars about it as we have received no letter of advice from you, and we do not know your full address.

Trusting that this will reach you and awaiting the favour of your early reply,

I am,

Faithfully yours,

C.J.S.T.

Dear Sir,

I am informed by a representative of Messrs. Burroughs Wellcome & Co. that you have an old drug cutter which you are kind enough to offer to present to the Historical Medical Museum. We should be very pleased to have them to place with other old appliances connected with pharmacy, and much appreciate your kindness in offering the same.

If you will kindly forward the cutter to the above address carriage forward we shall be greatly obliged.

Again thanking you very cordially,

I am,

Faithfully yours,

C.A. Tilley Esq., M.P.S.,

LONDON, E.C. 2nd January, 1914

Dear Sir,

I give below copy of an extract from a letter from
Mr. C.A. Tilley, M.P.S., 24, Castle Street, Thetford:-

"I have an old drug cutter, which is a round slab
of iron about 15" diameter, with a long lever handle with
knife attached working on a pivot. Do not know its age,
but should think it considerable. Would it be of any
value to your Museum?"

I shall be glad if you will reply to Mr. Tilley
direct.

Yours truly,

H.S. Wellcome,
