Dear Dr. Heywood Smith,

I desire to thank you for your kind letter of the 14th enclosing the page out of the old catalogue and the description of the Speculum which you have kindly presented to the Historical Medical Museum. From these details I shall be able to compile a special description label.

I trust you will derive benefit from Droitwich and come back quite free from pain.

Again thanking you very cordially for your kindness in presenting the instruments and the trouble you have taken in the matter.

Faithfully yours,

Dr. Heywood Smith,
Droitwich.

Dear Mr. Thompson

I am here doing a cure!
I am enclosing a page out of Messrs
Mayer & Keltzer's old catalogue with
report of my Speculum & also a
rather fuller description which they had
typed for me. These describe my
first Speculum which was printed

& which is as valuable as heretofore.
Speculum, had in his advertisement of
the first possibly slipping. The
instrument of which I gave you a
copy is rigid & also has both its
beyond portions shortened. Perhaps
you will be able to make out
some description from both these -
or shall I?

Yr. very truly
