29 January 1917.

Dear Sir,

Your letter addressed to Messrs. Burroughs Wellcome & Co. has been forwarded to me. We shall be very pleased to accept your kind gift of the old case of cupping instruments, scarificators, glasses, etc. which you so kindly offer to this Museum. Having to leave the meeting early, I am sorry I did not see them at the Royal Society of Medicine last week. We shall be very pleased to add them to our collections here, and I could send a messenger for them if you would let me know a convenient day and hour.

Thanking you in anticipation,

I am,

Faithfully yours,

Burroughs Wellcome & Co

Dear Sir

Last Wednesday I showed at the meeting
of the Section of History of Medicine, Roy. Society
of Medicine a set of cuffing instruments
comprising scarification, flasks, lamp etc.
in mahogany box. I am writing to ask you
if this would be acceptable for your Museum
& if so I should be pleased to let you have
them, if we do not already possess such a
set. They probably belong to the period about
100 years ago - perhaps rather less.

Yrs faithfully

J. Vincent Dickinson
