11 November 1915.

Dear Sir,

In reply to your letter of the 22nd ult. we still have your Afghan knife and case on exhibition in the Museum in a prominent place where it always creates great interest.

This Museum has been founded as a permanent institution in London, and will not close at all. It is open daily from 10 a.m. to 6 p.m., and I am sending you under separate cover the last edition of our hand book from which you will see its scope.

Unless you particularly want the knife and case returned at once, we will keep it as long as you will allow us to have it.

Thanking you in anticipation,

Faithfully yours,

C.J.S.T.

EVANSTON

Feb. 8th. 1915.

Dear Sir,

I desire to thank you very cordially for so kindly lending us the Afghan knife, which has duly come to hand. With the description you have sent, it will form an interesting addition to our objects of interest connected with Military Surgery.

I will insure it for the amount you state and we much appreciate your kindness in lending it to the Museum.

Faithfully yours,

Major R. L. Argès, R.A.M.C.

Dear Sir,

With reference to your letter dated  
18 December. 14. I have much pleasure in  
lending you for exhibition a Knife and  
Case - I have had an explanatory notice  
typed which is also enclosed in the box.  
and which, I think, will make the interest in the  
Exhibit quite clear. - The Sheath is the ordinary  
Frontier tribal sheath for any dagger, or  
for a Knife such as is supplied to the Afghans.  
and the Knife itself is - as you see - an  
unfashionable Knife. As the Knife and case  
were given by Sir W. Galbraith to a member

of my own family: its intrinsic value does  
not represent the value I put upon it - but  
I think if you insure it for £2, it will be  
sufficient - ~~it is not for sale~~

If you should happen to have a catalogue  
of the exhibits - I should be very pleased to  
receive one -

Yours faithfully.

R. L. Angus

Major.

Royal Army Medical Corps.

To better expose the exhibit, the knife should be taken  
out of the case and laid beside it.

Dear Sir,

I desire to thank you for your kind letter of the 27th ult. offering to lend us an interesting relic of military surgery for our special exhibition. We opened it on Monday last, and it contains an interesting loaned collection of objects connected with Military and Naval Surgery. I shall be very pleased to add your relic to it when it arrives. Will you kindly send it as early as possible per registered parcel post, and will you please state the value you place upon it so that we may insure it for that amount.

Again thanking you for the kind interest you have taken in the matter,

I am,

Faithfully yours,

Dear Sir,

I shall be very pleased to lend  
you for exhibition and extremely  
interesting relic of military surgery  
if you will kindly let me know by what  
date to send it to you - Your announcement  
in the B.M. Journal of Oct 31. 1914 gives no  
date of the exhibition. If you will let  
me know when you want the exhibit. I will  
at once send it.

Yours faithfully
