HART, DR. A. HERBERT

1904

346

March 12. 1906

Dear Sir,

Thank you most cordially for your letter of the 9th inst, and for your offer to assist me in obtaining objects of interest for my forthcoming Historical Medical Exhibition. As soon as I have time, I will examine the books which you have kindly sent me and let you know if they will be suitable for display.

If you could obtain any interesting objects connected with the history of medicine from any of your branches in India or other Foreign countries, I should value their loan most highly.

Thanking you for your good wishes for the success of the scheme,

I am,

Yours very truly,

Dr Hubert Hart,
101, Queen Victoria Street,
E.C.

December 19, 1904

Dear Sir,

My representative, Mr Hill, informs me that you were enquiring as to the date of my historical medical exhibition. As you will see from the enclosed slip the enormous amount of labour involved makes it impossible for me to fix the date of the exhibition, which, however, will take place some time during the course of next year.

Yours very truly,

Dr S. Hart,
22 Thistlewaite Road,
Clapton,
N.E.

Mr Bright.

Please note the following extract from letter of
Mr McVie Hill, December 12. 1904

346

"Dr S. Hart, 22, Thistlewaite Road,
Clapton, N.E. wishes to be advised of the date
of Mr Wellcome's Historical Exhibition - he
has sent a few things".

December 15. 1904

October 19. 1904

Dear Sir,

In reply to your card of the 18th inst. duly to hand this morning, our exhibition has not yet taken place, as owing to the immense amount of work involved and the great response we have had to our request for exhibits, we have had to postpone it until early next year. If you are requiring the books you so kindly sent us we will return them to you immediately. Perhaps you will kindly let us know.

Yours very truly,

Herbert Hart Esq. M.D.,
22, Thistlewaite Road,
Clapton,
N.E.

March 22. 1904

Dear Sir,

Many thanks for yours of the 19th inst. enclosing the names of three of your Officers in charge of Hospitals or Settlements in India and South Africa. I will write to them as you suggest, and send them a prospectus of the Exhibition.

Thanking you for your kind interest in the matter,

I am,

Yours very truly,

Dr A. Herbert Hart,
Congress Hall,
Clapton,
N.E.

March 19th 1904.

Dear Sir,

I am enclosing the names of three of our officers who are in Charge of ~~Medical Hospitals & Settlements~~ in India & South Africa.

If you will kindly write to them using your name and sending the literature in connection with the Exhibition I think it is extremely probable they will send you some good stuff.

Dr Percy Sumner is a Barb's Man. L.B.B.S. Durham & Dr H. G. G. is in a position to send a good collection of native Indian Medical Ammunition.

Major Sekunder although unqualified has had no training at the London Hospital & Mr. Carlson has been under instruction in connection with St. John's Ambulance.

With kind regards, best wishes

Believe me, Yours sincerely,

Herbert Hall.

22, THISTLEWAITE ROAD,

CLAPTON, N. E.

March 9th 1904.

Dear Mr. Wellcome,

Allow me to Express to
You, although perhaps late in
the day, my Congratulations
on your brilliant idea of holding
An International Medical Exhibition
Bring a Medical officer in the

Salvation Army and acting
at the present time as Medical
Superintendent of the International
Training Homes, I know what
a success these sort of Exhibitions
are and how they act as an Educational
Institution for the people.

I wish you great success in
your Enterprise and shall be very
glad to help in any way in
my power.

I am afraid the collection of
Medical Curios and literature is not at
all in my line but I have rummied
up one or two books which may be
of service to you.

*These are at the
Office. I will bring a
list tomorrow.*

The first is a very old Anatomy
by Rukachius and as it has a great
number of notes written in Latin it
may be useful as an evidence of
a good deal of learning on the part
of its ancient owner.

The next is Buchanan's Guide to Acoustic
Surgery and I may here remark that I
think the old Authors had a better way
of setting forth their information than some
of the present day writers

And lastly there is Marshall's description
of the Human Body with diagrams.

You must not take these volumes as in any
way commensurate with the importance of
your Splendid Enterprise but as a very
heartfelt evidence of my sympathy & appreciation.

Believe me, Dear Sir

Yours Very Sincerely.

A. Herbert Hart
