I am told you are
organising an exhibition of curiosities
connected with medicine science for
the Medical Congress. I have an old
parturition chain, used in Portugal some
70 or 80 years ago, which I might lend
or would it be better if it went to the
Congress direct. I believe the latter is
to be held some time in the summer
but when or where I do not know.
I suppose a loan of exhibits will confer
the courtesy of tickets for all the meetings
as it did when I lent the chain to
the B. M. a two years ago at S. Kensington
I am not in practice as a medical
man but interested in all subjects
connected with anthropology

Dear Sir,

In reply to your kind letter of the 25th inst., I enclose you a syllabus of the Historical Medical Museum, which is to be opened in London on June 24th in connection with the International Medical Congress.

We should be very pleased to have the loan of your old parturition chair, and should be glad if you would forward it to us at the earliest possible moment as our catalogue is now in process of compilation. All lenders to the Museum will receive a ticket of admission.

The Museum will be open for three or four months, and the chair will be returned to you when it is closed.

Thanking you in anticipation,

I am,
