Dear Sirs,

re Livingstone relics.

In reply to your kind letter of Feb. 24th, and again of March 3rd, you say in the former "we will let you know the latest day when you could send them here, in time for the opening at Edinburgh." I have been awaiting your notification before sending the relics back to you. If I do not hear from you to the contrary, I will send them off per passenger train on Friday next. As these objects have already been included in our official catalogue, I am trusting to you to kindly return them to us before May 1st, so that we may have them for the opening of the Historical Medical Museum. We have several other relics and we should like to have them all together.

Dear Sirs,

Livingstone Relics.

In reply to yours of 14th. inst., we regret we are in a difficulty, and hope you can help us. Our Mr. J.B. Hilliard is Trustee for the Livingstone family, and was the oldest friend of Dr. W. Oswell Livingstone - son of the great traveller. A centenary Exhibition etc. will soon be opened in Edinburgh, and Mr. Hilliard agreed as far back as February 21st. 1912 to let them have his Livingstone relics for a short time. If you could let us have them for a week or so in March when the Edinburgh show opens, we could return them to you for the remainder of your Exhibition. We will let you know the latest day when you could send them here, in time for the opening at Edinburgh. The Committee are specially desirous that the Scotch traveller's relics should be on view in Edinburgh, and his grandson Captain Livingstone Bruce, and Dr. W. Oswell Livingstone's widow have both asked Mr. Hilliard if it can be so arranged.

Regretting the trouble forced upon us mutually.

Dear Sirs,

In reply to your kind letter of the 12th inst. containing a request that the Livingstone relics, which you have loaned to the Historical Medical Museum, should be returned to you by passenger train, this is a very difficult matter to arrange under the circumstances.

When we received them I understood they would remain with us until the Historical Medical Museum was closed. We have had them placed in a specially built case in the Hall, and they have been insured for the value you placed upon them. Any disturbance of this arrangement now inconveniences us greatly, and I write to ask if, as a favour, you could leave them with us until the Museum is closed. I trust you will be able to comply with this request.

Dear Sirs,

I am informed by my representative, who called upon you, of your kind willingness to loan me Dr. Livingstone's pocket case and Bible for the Historical Medical Exhibition. I have already noted your kind offer, received sometime ago when I first projected this Exhibition.

Unfortunately, the date of holding it has been delayed, owing to the magnitude of the work involved, but I have now decided that it shall be opened in London at the time of the Meeting of the International Medical Congress in this city in 1913. As soon as I am able to fix a date for receiving the loans, I will duly advise you, and will avail myself of your kind offer.
