LISTER INSTITUTE OF PREVENTIVE MEDICINE

1914

28 January 1914.

Dear Dr. Martin,

I am returning per bearer the syringe which was used by Lord Lister and which you so kindly lent me with the other apparatus to have a copy made for the Historical Medical Museum.

I returned the hot cupboard, gas ring and other apparatus last week to the Institute, as our models are now complete.

If I may, I will keep the pamphlet on "Lactic Fermentation" for a few weeks longer to help me to set up the apparatus accurately.

I take this opportunity of thanking you very cordially for so kindly lending me the apparatus and for presenting the Lister flask to the Historical Medical Museum.

I feel we are deeply indebted to you for your kindness, as otherwise we should not have been able to carry out our project of devoting a space in the Museum to Lister's work.

Faithfully yours,

E. T.

Dear Sir,

Will you kindly allow bearer to take a note of the inscription that you have on the oil painting after Oules of Lord Lister?

By permission of the Royal College of Surgeons, we have had a copy of the picture made for this Museum, and should like to have the same inscription.

Thanking you in anticipation,

I am,

Faithfully yours,

C.J.S.T.

Dear Sir,

I am returning herewith the incubator and hot cupboard, lamp, gas ring etc., that Dr. Martin kindly loaned to us to have models made for the Historical Medical Museum.

Will you kindly acknowledge per bearer the receipt of same in good order.

I am writing to Dr. Martin to thank him personally, and will return the culture syringe as soon as I have had it copied.

Thanking you very cordially for the trouble you have taken in the matter,

I am,

Faithfully yours,
