VALLERY - RADOT, DR. R.

1914

Hunter

Trans. of letter to Dr. Vallery-Radot.

5. 5. 14.

Dear Sir,

I desire to thank you for your kind letter of the 1st inst. It is very good of you to have seen Dr. Roux. I am very pleased to learn that he is very kindly allowing copies of the culture flasks of the famous Pasteur to be made for the W.H.M.M. We shall be most pleased to have them and any relics we can get together concerning the great master.

Again thanking you very cordially for the trouble you have taken in the matter,

C.J.S.T.

Valley - 12

Trans. of letter from Dr. Vallery-Radot. 1,5. 14.

Since my return to Paris, I took the letter which you did me the honour to write to me to Dr. Roux, Director of the Pasteur Institute. He entertained your desire very favourably and proposes to commission Dr. Legroux, of the Pasteur Institute, to prepare, for your Museum, copies of the culture globes, as Pasteur conceived them for his celebrated experiments. These can probably be despatched to you in a month's time.
etc.

adob

3. RUE SAINT-DOMINIQUE

1^{er} mai 1914

Monsieur,

Dès mon retour à Paris, j'ai apporté
à M. le Docteur Roux, Directeur
de l'Institut Pasteur, la lettre que
vous m'avez fait l'honneur de
m'envoyer. Il a très bien accueilli
votre vœu et se propose de charger
le Docteur Legroux, de l'Institut
Pasteur, de préparer pour votre
musée des copies de ballons de
cultures, tels que Pasteur les avait
imaginés pour ses célèbres expériences.

7 C'est sans un mois sans doute que
cet envoi pourra être fait.

Veuillez agréer, Monsieur, les assu-
rances de ma plus haute conside-
ration.

Bone Valley - Radot

Trans. of letter to M. Valery Radot,
l'Institut Pasteur, Paris.

15. 4. 14.

Dear Sir,

We are forming in the W.H.M.M. alcoves devoted to the relics and work of great men of science, and we should much like to include some objects connected with the illustrious Pasteur. On talking the matter over with Dr. Nattan Larrier, he advised me to write to you on the subject. Could you either lend to us or present us with any originals or copies of pieces of apparatus or other objects connected with Pasteur. We should greatly appreciate your kindness if you could contribute anything to this Museum connected with this distinguished scientist.

This Museum re-opens as a permanent institution in London next month, and we should be very pleased to hear from you on the matter at your early convenience.

C.J.S.T.
