Dear Sir

The replica of the small model
of the Priestley statue is now ready
I am arranging to have it delivered
to you at the same time that the
original is returned to the Institute
of Chemistry - probably one day

next week.

Trusting this will be convenient
to you

I remain

yours faithfully.

Dear Sir,

I desire to thank you for your kind letter of the 12th inst. and am pleased to learn that you will kindly oblige us by letting us have a cast of the small model of your Priestley statue for this Museum, to which I shall certainly give a prominent place. If you will kindly let me know when it is ready, I will forward a cheque for the amount as agreed on delivery here.

Thanking you for your courtesy,

Faithfully yours,

Dear Sir

I am obliged to you for yours
of 7th regarding the Pruetty statue
& regret you are not able to find
room for the full size statue

As to the small model it is
not my custom to reduce my prices
in that way, but as you claim

were time as the reason & as I
should like it to be in your
very interesting museum I am
willing to do so on this occasion

Believe me

Yours faithfully

Dear Sir,

With reference to the cast of your Priestley statue for the Institute of Chemistry, on going into the matter and giving it our careful consideration, we regret to find we should not have room to put the full size cast in the Museum, but we should be glad to have a cast taken from the small model now on the stair-case at the Institute of Chemistry. I much regret in the present war time, however, that the cost of it as estimated at 25 guineas would be prohibitive to us, but if such a cast could be obtained at a price not exceeding 15 guineas, we should gladly consider it.

Faithfully yours,

Dear Sis

Bristley Statue Institute of Chemistry

With regard to your letter of the
22nd re the above, my call upon
you today.

The price for a new cast with
its niche would be 50 gms, or
the one in the RA at present from

which the statue was carved 40 gns.
as should these figures be more than
your committee wish to spend, a
cast could be taken from the small
1/4 scale model now on the stairs case
of the Institute of Chemistry in Raffles
St - the cost of which would be
25 gns.

- Believe me

- Yours truly

Dear Sir

I am obliged to you for
your letter regarding my figure of
Briestley. Sir John Burnet
for whom I did the statue is out
of town for a few days, I have
however written to him on the

subject & will write you again
when I have heard from him

Dear Sir,

Will you kindly let me know if it would be possible for us to have a cast in plaster of the figure of Joseph Priestley that you have executed for the Institute of Chemistry, to place in this Museum. If so, will you kindly let me know what the cost of same would be so that I might take it into consideration.

Thanking you in anticipation,

I am,
