Dear Sir,

Some time ago last year you were good enough to say that after the historical exhibition held by you in London, you might have a small donation for our library, of cuts, works, etc., anything of interest to medical men. I have not heard from you on this matter and would enquire if we may hope to receive something from you.

Yours very truly,

M. Charlon

Librarian

Probably after the exhibition is over, I may be able to accede to your request.
