Mr. C. J. S. Thompson,
The Wellcome Historical Medicine Museum,
54a, Wigmore Street,
London, W.

17 March 1914.

Dear Sir,

It would give us great pleasure if during your stay in London you could spare an hour to visit the Wellcome Historical Medical Museum, which is centrally situated close to Cavendish Square.

This Museum was founded last year in connection with the XVIIth International Congress of Medicine by Mr. Henry S. Wellcome, whom I believe you know personally. After closing in October of last year, through the generosity of Mr. Wellcome, it was resolved to make it a permanent institution for the study and instruction of students and others interested in the history of medicine and the allied sciences.

Although at present the Museum is closed and under re-arrangement, if you will kindly let me know what day will be most convenient for you during your stay, I shall be delighted to show you what we are doing and many things, which I am sure will interest you.

Trusting your visit to the metropolis will be a pleasant one,

I am,

Faithfully yours,

Surgeon-General Gorgas,
Hyde Park Hotel, W.
