Dear Sir,

Thanks for sending the two autograph letters of Miss Florence Nightingale, which I have carefully examined. As I daresay you know and will inform the owner, the fact that these letters are written in pencil greatly detracts from their value, and they are only worth half the value they would have if written in ink.

The highest offer I can make is Two Guineas for the two. Please let me know, and I will send you a cheque at once, or return the letters. Till I hear from you I am holding the letters.

1st November 1910.

Dear Sir,

Thanks for sending the engraving and the book. The engraving, unfortunately, has been badly damaged. It is torn in one corner, much stained, and has been cut all round, which renders its value to me not more than two shillings and sixpence. If you care to take five shillings ~~and sixpence~~ for the book and the engraving, I shall be pleased to keep them.

Send me a postcard, and I will at once remit you a postal order for that amount.

I have your note of the

you. I regret I can not ac-
cept of your offer of 5/- for
both items, as it would
not pay me. 2/- for the
Book and 5/- for the print
separately or 7/- for both is
the best I can do. If this is
not satisfactory just return
at your convenience.
