SMITH, DR. NORMAN M.

MINNEAPOLIS

112/113

1 October 1913.

Dear Sir,

Your letter of the 18th ult. has been forwarded to me.

With reference to some of the early medical deities which are being exhibited in the Historical Medical Museum, up to the present these have not been photographed. If however any reproductions are made later on after the Museum closes for rearrangement, I will forward you some, if possible.

I have pleasure in sending you under separate cover a copy of the Guide-Book, which will no doubt interest you.

Faithfully yours,

Dr. Norman M. Smith,
Minneapolis, Minn.

Smith (Dr. Norman

4. Mr. C. J. S. T.
Dr. Norman M. Smith
MINNEAPOLIS, MINN.

Burrough's Wellcome & Co
London England.

Dear Sirs:

About a year ago, I had some correspondence with one of the London members of your firm who was very much interested in the Historical Medical Museum now being conducted at 54 Wigmore St. London W. This correspondence has been filed away, and I do not recall the person's name; but he suggested that I write him about this time for the purpose of securing some engravings, prints, photographs, etc., which refer in a historical way to the ancient practice of medicine.

I had in mind in this connection, historical pictures such as Adapa, A Sumerian Deity of Healing; Machon, the first Greek military surgeon; St. Roch; cuts of surgical instruments; photographs of medical diplomas; etc; etc.

At this moment it occurs to me that my letters in regard to this matter were from Mr. Henry S. Wellcome, and I will appreciate it very much if you will refer this communication to him.

Very truly yours,

Norman M. Smith

April Tenth,
1912.

Dr. Henry S. Wellcome,
Snow Hill Building,
London, England.

My dear Dr. Wellcome:--

I appreciate very much indeed your kind letter of the 29th ultimo together with the steel engravings of Adapa, Dhanwantari, etc., which I appreciate very much. I am making a small collection of Historical Medical pictures and I hope it will be possible for your office to make some record of my wish to obtain some of the steel engravings after the Exhibition of next year.

Again thanking you for your reply and wishing you continued success in conducting the Exhibition, I am,

Very truly yours,

Norman M. Smith

2945 Hennepin Ave.

H.M.E.

1913.

29th March 1912.

Dear Sir,

I desire to thank you for your letter of the 16th inst., with reference to the illustrations in the Syllabus of the Historical Medical Exhibition.

I trust that after the Exhibition is held next year, I shall be able to forward you some good reproductions of Adapa, Dhanwantari, and the other pictures you mention.

I am enclosing, however, a steel engraving of Machaon, the son of Aesculapius, and also one of Pehenuka, an Egyptian physician, which I have no doubt will interest you, and make a beginning for your proposed scrap book.

I am,

Yours very truly,

H.S.W.

Dr. Norman M. Smith,

March Sixteenth,

1912.

26 MAR 1912

Dr. Henry S. Welcome,
Snow Hill Buildings,
London, E. C., England.

Dear Dr. Welcome:

Will it be possible for me to obtain wood cuts of some of the illustrations in your catalogue of Historical Medical Exhibition to be held in London in 1913? I would like very much to secure a good wood cut or even a steel engraving of Adapa, Barbara-Surgeon's Shop of the Seventeenth Century, Dhanwantari and Hippocrates etc. etc.

Can you give me any advice or help regarding this matter. I have in mind mounting some of these in a scrap book or Kodak book for my office reception room.

Yours very truly,

Norman M. Smith.
