Dear Sir.

Many thanks for your of Dec
29th with contents. I certainly appre-
-ciated the same. Your letter reached
me at a time when it was im-
possible for me to see any further
interests. but I would suggest
your writing to Dr. Fuenteb
Corpus Christi Texas this
Gentleman is of the regular school
but being Mexican by birth
he will be in touch with the
Mexican Herbalists & in fact

will have a store of information
along the lines desired. His
Knowledge of English being
limited you had better correspond
in Spanish I will send a
letter also. We occasionally have
a Mexican in here who works
along Religio Med Lines. ^{preparing}
to have virtue in various medicines
& use herbs I will secure what
information I can & send it to
you. The Negro Doodoo are scarce
in this section but I have met
them in La Osa & I will
procure what information I
can from this source. I sincerely
hope I can be of benefit to
you & will do my utmost
to assist. I will distribute your
Circulars to those who I know will

take a decided interest in the
subject. Thanking you again for
the stamps which came as an
agreeable surprise & hoping you
may be able to secure one more &
I will gladly pay whatever expense
may be incurred in sending
the same by mail or otherwise

Wishing you every success

Dear Sir

I am in receipt of yours of
recent date containing catalogue
of your house, also asking
for information regarding traditions
along Medical & Pharmaceutical lines. I
am unable at the present to do any
thing but as soon as I am able
I will view some of our old
Mexican Herbalists & Negro
Voodoo's & see what information
I can secure for you they are
rich I believe in traditions

of the period. One thing happened
near my place of business
but a short while ago a patient
was in the last stages of Taberculosis
La Mexican & the English Cure
was a Donkey just killed the
entrails taken out & the Mexican
placed in the warm cavity for
Cure!! Other strange practices are
prevalent. Would these be of
service? I might possibly place
you in communication with some
of them. If I find any in-
telligent enough to advise any
thing used of mine I would like
to get credit for the same. Now
I have to request a favor of you
I am a collector of Stamps
but in this out of the way
place they are hard to get.

will you kindly send me the
Cancun stamps for get-
^{your} mail must be large from
all over the globe & would
contain a good per cent
of high values I will certainly
afford any favor you
can bestow especially with
Cancun English & English
Colonial stamps

Anticipating the favor
of yours in reply & hoping
for an extended correspondence
to our mutual advantage

Yours Sincerely
