Note

Herewith please find the measurements you require.

No. 1 - the Alchemist. This is a standing upright figure, and in this case as in that of the other figures, we have sent the measurement for the sleeves from the shoulder to the wrist. In each case in the column for height we have measured from the nape of the neck to the feet, not including the head.

No. 2 - the Apothecary. Please note this is a seated figure.

No. 3 - the Physician. The blue costume is for this figure.

No. 5 - the Surgeon. The other blue costume with pink under-sleeves and the head-dress with drapery at the back is for this figure.

No. 6 - the Patient. This is a seated figure. Instead of sending the height of this figure, we have sent the measurement from the nape of the neck to the knee for the black tunic, which is 4 feet. The length of the leg from the top of the thigh to the bottom of foot is 30 inches.

Please note when delivered we should like someone to place the costumes on the figures.

I find I can enclose a sketch of the black costume for the seated patient. This should be all black.

I think it would be very much more satisfactory if you could have sent a man to take the measurements, in order to avoid any mistake. It might save trouble later in alterations.

Dear Sir,

In reply to your letter of the 12th inst. with reference to the costumes, I note what you say with regard to the net price, to which I agree.

I will let you have the sketch of the figure in the black costume as soon as possible.

I enclose herewith the chest and waist measurements, also total height of the dummies.

With reference to terms, it is not my custom to pay deposits on account, but I am quite willing to pay you cash on delivery, the costumes being satisfactory. If you require references, please write to the Manager of the London, City and Midland Bank, 129, New Bond Street, or to Messrs. Burroughs Wellcome & Co., Snow Hill Buildings, E.C., who will furnish any particulars you require.

As the matter of dressing these figures is urgent, I should be glad if you will let me know the earliest possible date on which you can effect delivery of the costumes.

Yours faithfully,

Dear Sir,

With reference to your esteemed letter this morning, we are obtaining the materials for the 6 Outfits to-day, as shown in our Diagrams, with the exception of the one mentioned, for which we shall be glad if you will let us have your sketch as stated.

The price quoted, namely 50/- being our lowest possible figure, does not allow for further discount and must therefore be considered nett.

When confirming we would kindly ask you to let us have the chest and waist measurements, also total height of the dummies, so that the Dress can be made to fit.

Regarding terms, as we have not the pleasure of an open account with you, we shall be glad of a deposit say of £5. 0. 0 now, and the remainder to be paid on delivery of Goods.

With Compliments and awaiting yours.

Yours respectfully,

*H. Rayne*

11th March 1913.

Dear Sir,

Referring to your kind letter of the 5th inst. enclosing the sketches for the various costumes I want making, and your quotation for same. I shall be pleased to place the order with you on the terms stated, i.e. 50/- per outfit. I presume you would allow me 10% discount off this price for cash. The sketches of your artist are all correct, and I see that he has a good idea of the matter with the exception of the centre one of the patient which I have marked with a red cross. This is not correct for the 16th century; it should be a black tunic reaching to about the knees, and black trunk hose and shoes, but no white shirt as he has depicted. I could let you have a sketch of this on hearing from you. I take it that your price includes the hats and head-dresses where necessary, and in the black one, just alluded to, it should include the black trunk hose. This matter is now very urgent with us, and I should be glad to hear from you as early as possible. I return the sketches herewith.

I am,

Faithfully yours,

C.J.S.T.
