W  
You have sent me your prospectus containing the drawing  
and the description of several country pharmacies.

Being very interested by this subject I had taken the said  
book in my carriage in order to read it. I now cannot find it,  
and I am afraid I must have dropped it from the carriage and lost  
it on the way. I should, therefore, be very much obliged to you  
if you would kindly send me another one with a more complete descrip-  
tion, if possible, of the height and size of the bottles, etc.

Awaiting a prompt reply, I am,

Yours etc.,

Monsieur,

Vous m'avez adressé un opuscule  
contenant le dessin et la description de  
plusieurs Pharmacies de campagne,  
Etant très intéressé par ce sujet j'avais  
emporté ledit livre pour le consulter en  
voiture. Or je ne puis le retrouver et je  
crains de l'avoir laissé tomber de voiture  
et perdu sur la route. Je vous serais  
très obligé de vouloir bien m'en faire  
parvenir un autre, avec une description  
plus complète, si possible, de la hauteur  
et largeur des flacons etc...

Dans l'espoir d'une prompte  
réponse, veuillez agréer mes meilleures  
civilités

Dear Sir,

I am informed by my representative, Mr Wheeler, that you have in your possession some old pharmacy jars and other pharmaceu-objects of great interest.

I should esteem it a favour if you would kindly lend me these for the Historical Medical Exhibition when it takes place.

At present I have been unable to fix the date for it to be held. As soon as this is arranged, I will communicate with you again, informing you of all particulars.

Meanwhile hoping to hear from you favourably,

Yours very truly,

Dr Dourif,

10, Rue de l'Oratoire,

Clermont-Ferrand.

Extract from Mr. Wheeler's letter dated from Clermont Ferrand the  
7th inst fol. 46:-

"Here were found (Dr Dourif, 10 rue de l'Oratoire) my old pharmacy  
"feeding cups, pots, jars, and infusion pots together with a splendid  
"collection of old French literature on Medecine. The proposed  
"exhibition was spoken of and when he found that I was interested in  
"his old relics he very kindly showed them all to me. This old  
"gentleman kept me a long time but eventually I succeeded in  
"getting a favourable answer from him in that he would lend his  
"curios, if they were returned. He was told that he would be written  
"on the subject.
