Dear Sir,

In reply to your  
letter of the 29<sup>th</sup> inst.,  
I fear that I have no  
time now to sort out the  
objects that I propose to  
send for the Exhibition,  
as the bulk of them are  
stored at Harrod's & at  
my agents, Messrs. Lawe &  
Alder. I have only a few  
interesting objects at my

Moore.

I shall be very pleased  
to place my collection  
at Mr. Welles's service

Northern Territories, &  
regret that I have not  
had the opportunity of  
meeting him.

Dear Sir,

In reply to your kind letter of the 23rd inst., I much regret that I am engaged every morning next week, as just now I am working under great pressure in order to get the Museum finished for the second week in June. I shall, however, be pleased to call upon you about 2.30 on Thursday afternoon as you suggest.

Thanking you,

I am,

Faithfully yours,

Dear Sir,

Your letter addressed to Mr. Henry S. Wellcome, who is at present travelling abroad, has been forwarded to me.

I am arranging the Historical Medical Museum, which will be opened in London on June 24th. To save you any trouble, I think the best plan would be for me to see your collection, if you would kindly allow me to call upon you either on Tuesday or Wednesday afternoon between two and three o'clock, if convenient to you. Will you kindly let me know which day I may call?

Faithfully yours,

With reference to my letter  
to you dated the 12<sup>th</sup> January last,  
I beg to inform you that I have

of absence, & if not too late,  
I shall be pleased to lend you  
any objects from my Collection,  
which you may consider suitable  
for the Medical Exhibition, if  
you will be good enough to  
either select them, or let me  
know what would be of interest.

Sir,

I am in receipt of your undated Communication with reference to the forthcoming Historical Medical Exhibition. This only reached me on the 10<sup>th</sup> instant. As I have already informed you I am not likely to be back in England before next April, I have no one who could choose exhibits from my Collection which would be of interest for your Exhibition.

I shall be most pleased, on my return to England if it is not too late, to send some objects from my Collection to the Exhibition, & will inform you of my return as soon as possible after my arrival.

Dear Sir,

I am in receipt of your letter of 27th inst., advising that you are leaving England on 7th September. I had an opportunity of seeing Mr. Wellcome recently, and mentioned the object of your visit - He desired me to convey his cordial thanks to you for your kindness in remembering his desire to obtain objects of interest for the forthcoming Historical Medical Exhibition.

As you will be leaving England before Mr. Wellcome's Librarian returns to London, will it be equally convenient to you to place on one side the objects you propose to loan to Mr. Wellcome, and I will then send a reliable packer up to your place to pack the various articles and bring them here.

I suggest this because, although the Exhibition will not take place until 1913, steps are already being taken to classify and arrange the various exhibits which will be shown, as they are very numerous, and the classification, etc., will take some considerable time.

Yours very truly,

(Signed) G. E. Pearson.

Sir,

I regret that I missed you last Thursday, but I am extremely busy preparing to return to the Coast, as I leave England by the boat of the 7<sup>th</sup> September.

When Mr. Wallcome's representative visited Ashanti last year he was referred to me in connection with his wish to obtain objects of interest for the proposed Medical Exhibition, & I told him that I should be very pleased to send such objects as might be suitable for it from my Collection.

As I understand that the

Exhibition does not take place  
until 1913, I should imagine  
that the matter, so far as I am  
concerned, can stand over until  
my return from the East after  
some eighteen months absence  
from England.

Yours truly

Dear Sir,

I am sorry that we have not so far been able to meet as I understand you have some objects which may be of interest to Mr Wellcome in connection with the forthcoming Historical Medical Exhibition.

Mr Wellcome's Librarian who handles these matters is at present abroad and will not return until about the middle of September. Perhaps you will kindly advise me whether you are likely to be in town during the latter portion of September - if so I will then arrange for the Librarian to call upon you at your convenience.

Yours very truly,
