MURRAY, DR. J. GAWLER.

SCARBOROUGH

1909

44, GLADSTONE STREET,
SCARBOROUGH.

March 14th 1909

Dear Sir

Very many thanks for
the pocket case you so kindly
sent me which I am sure
will be ~~of~~ of great use
to me -

Believe me

Yours very truly
Gawle Murray

Henry S. Wellcome Esq

Mr Wellecome's paper

11th March, 1909.

Dear Sir,

I desire to thank you very cordially for the old hypodermic syringe and the two antique microscopes which you have so kindly sent me, and which have now duly come to hand. They will form an interesting exhibit in the forthcoming Historical Medical exhibition.

Will you please accept the enclosed medicine case, which has been fitted according to your wishes, with my compliments.

Trusting it will be of service to you,

I am,

Yours very truly,

J. Sawler Murray, Esq., L.S.R.C.P.,
44, Gladstone Street,
Scarborough.

Dear Sir **PARCEL POST**

Thank you for yours
of March 5th I am sending
you per parcel post the
microscope, Syringe + pocket
microscope - which I believe
all to be of historic interest
I thank you for your kind
offer of a pocket case + have
marked the drags in the list
which I now return as you
suggest -

I have a case of special
specula which my Father
invented & used outside Haythorn
for examining the Public women
when the contagious diseases
act was in force this I will
send you if of sufficient interest

I have also a book on "Acupressure"
by Sir J. Y. Simpson bearing his
signature on the flyleaf which
I will lend when your exhibition
comes on -

If I am in town
I shall endeavor to call

on you to make you acquainted
as I am very interested in
old medical instruments

Believe me

Yours very truly

J. Hawley Murray

Mr Wellcome's paper

5th March, 1909.

Dear Sir,

I desire to thank you very cordially for your kindness in offering to present me with the hypodermic syringe which belonged to your late father, also the dissecting and old pocket microscopes. I need hardly say these will be most acceptable for the Historical Medical Exhibition which I am at present organising, and I shall be very pleased to have them.

I shall be very pleased if you will accept a 'Tabloid' Pocket Medicine Case, including the latest pattern of hypodermic syringe, similar to the case No. 125 in enclosed booklet, which I have marked with a blue cross. This case contains twelve bottles of 'Tabloid' products, and twelve bottles for hypodermic products. As you would no doubt like these filled with drugs of your own selection, if you will kindly mark off the latest drugs you would like to have in enclosed list, on pages 18 and 32, and will return it to me, the case shall be filled up accordingly and forwarded to you.

Thanking you for your kindness,

I am,

J. G. Murray, Esq., F.R.C.P.

Yours very truly,

Scarborough.

MURRAY, J. GAWLER

Mr Wellcome.

4 MAR 1909

I am replying to attached letter
accepting the objects and thanking Dr Murray
very cordially in your name.

Is there anything special you would
like me to send him ?

send him,
yes a very nice

C. J. S. T.

Hyppo case fitted
& write a very
gracious & appreciative
letter & some
of our new products
ask the G.M.

And abundant met you
from him to know

No 125 =

12...

Mess^{rs} Burroughs Welcome Co

Dear Sirs

I am writing to ask if you would care to have a Hypodermic Syringe with 2 needles in case which was given to my Father the late D. Ivor Murray late Colonial Surgeon for Hongkong by the late D. Alexander Wood of Edinburgh in the year I believe 1845 anyhow it was one of the first D. Wood had made & is therefore historic - I also have a dissecting microscope

which belonged to the late
Professor Allen Thomson & with
which he did his original work
on Embryology - I feel they
are lost being in my possession
& would be willing to give them
to you for your collection if you
care to have them - I also have
a small pocket microscope which
I believe was used for urinary
deposits some 60 years ago
Should you care to have these
I will send on to you if you
will pay carriage - I do not

wish to sell them but if
you care to send me any
of your own specialities ^{syringe} in exchange
I should be glad

Believe me

Yours faithfully

J. Gawler Murray R.C.P.

Dr J. Gawler Murray

Murray.
