Dear Dr. Soligmann,

Dr. Hamilton Rice has just 'phoned me to say that he has been obliged to leave for Paris today, and will not be back until the early part of next week, so will be unable to meet you at the Historical Medical Museum with Dr. Balfour as arranged. He will be back on Tuesday night however, and it would give him great pleasure to meet you here either on Wednesday, Thursday or Friday afternoon at 4.15. Will you kindly let me know which afternoon would be the most convenient for you, and I will communicate with him, and make a fresh appointment.

Thanking you in anticipation,

Faithfully yours,

Presented 9-10-1913

Dear Sir,

With reference to your letter of April 26th concerning your exhibition in 1913, I have the following specimens from Borneo which are at your service.

- 2 Native splints
- 1 Instrument used for boring teeth.
- 1 Boar's tusk formed into medicine container, with charm attached.

I am under the impression that I have some other Borneo specimens, but I cannot find them at present. If I can lay my hands on them later, they shall be put aside for your exhibition.

Yours faithfully,

Cy Seligmann
