Oct. 9th. 1912.

Dear Sir,

Please accept my very cordial thanks for your kind gift of ancient surgical instruments and their cases for the Historical Medical Exhibition, which have duly come to hand.

I need hardly say they will form a valuable and interesting addition to the surgical section of the Exhibition. Again thanking you for your kindness.

I am,

Yours very truly,

H.S.W.

Dear Sir

I am hoping to forward tomorrow a consignment of old surgical instruments & some primitive pessaries (poor women! They must have been long suffering in those days) - They are a present for your Museum, & at a later date you may expect the loan of some of the first Stethoscopes -

Before long, all being well, I

hope to move to my cottage
at Dec. on - The Solent -

Believe me
very truly yours

Dear Sir,

I desire to thank you for your kind letter in which you offer to present two antique cases of surgical instruments for the Historical Medical Exhibition which is to be held at the time of the Meeting of the International Medical Congress in London next summer. I shall be most pleased to avail myself of your kind offer, as I am sure both cases will form a valuable addition to the collection of surgical instruments which will be exhibited. If you will kindly forward the cases at your early convenience to the above address I should be greatly obliged.

Again thanking you very cordially for your kindness,

I am,

Yours very truly,

H.S.W.

Dear Sir

Some time ago I promised you the loan of certain medical apparatus for your proposed exhibition & am still willing to do so, & also I would gladly make a present of two antique cases of Surgical Instruments - one for lithotomy, & one for trephining - both originally belonged to a Mr. Stephen Hemsted, of Newbury, who died some 30 or 35 years ago at the age of

about 85 -

Both cases are in good state &
have a primitive appearance.

Believe me

Very truly yours

Dr W. T. Parker Douglas.

P.S. I am shortly moving to
a Cottage at the Sea side which
is nearing completion; & having
retired from practice am disposing
of much that appertains to
