COLLIER, THE HON. JOHN

1916

H.M.M. Official

10 February 1916.

Dear Sir,

I desire to thank you for your kind letter of the 9th inst. with reference to an engraving of Dr. Andrew from the portrait painted by yourself. I am very much obliged for the information you have furnished, which will enable me to obtain the particulars I desire for our catalogue without difficulty.

I have long wanted to communicate with you respecting a picture you painted some years ago, called, I think "Plague". You lent it I believe to an exhibition I assisted in arranging at a London meeting of the British Medical Association which was held at the Imperial Institute. Will you kindly let me know if it was ever engraved or reproduced in any way, as we should so much like to have a copy of it for our collection of pictures connected with the subject in this Museum.

If you are in this neighbourhood any morning or early afternoon, I should be most pleased if you would look in, as

I think we have many pictured and other objects here that would interest you.

Again thanking you for the trouble you have taken,

Faithfully yours, .

C.J.S.T.

Plague" belongs to

Alexander Brown Esq

I do not know him personally

but please say when you write  
to him that I approve of any

application you may make.

I found the Museum very  
interesting and I am looking  
forward to examining it

more in detail as you have  
so kindly suggested -

I hope to propose some after-  
noon next week - Of course  
if it is in any way inconve-  
nient to you it will be very  
easy to alter the date -

Yours very truly
