My Dear Ainsworth,

Here is the group I spoke to you about I have had it enlarged and the names printed on the mount and if you think it is of sufficient interest to put up will you get it framed and I will pay for the framing - It was the 1st batch that joined the new Army Medical School at Netley - a school had been running for a few years while Netley was being built - it was at Fort Pitt Chatham in the same way that the Belgravia Hotel was used till Millbank was ready. My father W.T.M. who is in the Group often told me that when the batch joined and for the photo you see the surrounding ground was not level - The probationer in Guards Kit was Venning a probationer for the Household Bde I also enclose a old group of Netley Staff, if of no interest please tear up - There are two of the first Corps Dinner menus - if they are of interest keep them -

Hope you are fit and going strong

Yours

J.P. Martin.
