REPORT
OF THE COMMITTEE OF
The Army Medical Officers Benevolent Fund,

LAID BEFORE THE GENERAL MEETING,

HELD AT

No. 5, BERKELEY STREET, PICCADILLY, 15th MAY, 1822.

SIR JAMES M'GRIGOR in the Chair.

THE Committee of the *Army Medical Officers Benevolent Fund*, experience the highest satisfaction in laying before the General Meeting of the Subscribers, a Statement of the Proceedings which have taken place since its first Institution, and in announcing to them its present State.

When it is remembered, that the Fund has been established for a period little exceeding Eighteen months, the Committee feel assured, that its Friends and Supporters will be gratified by hearing, that in that time the Sum of £1047 5s. 4d. has been actually received, and placed to the credit of the Fund; and that a farther sum of £40. has been announced as already collected. With this, the Committee have been enabled to purchase Stock in the Navy 5 per Cents. to the Amount of £879. 0s. 6d.

The amount of Annual Subscriptions, it has not hitherto been in the Power of the Committee accurately to ascertain; as in many instances the Contributors have omitted to state, whether the Sum, paid by them were by way of Donation, or of Annual Subscription. They believe them, however, to be such as with the Interest upon the Funded Capital, (at the reduced Rate) makes the Annual Receipts of the Fund to amount to nearly £100., independent of Donations. These have been, and still continue to be very numerous, and the Committee have the greatest pleasure in holding up to the notice of the Subscribers, and the Medical Department of the Army generally, those among the Donors, who by their greater liberality or more extended exertions in behalf of the Fund, have placed it in its present prosperous condition.

To SIR JAMES M'GRIGOR, President of the Fund, the warmest thanks of the Committee are justly due. The friendly interest which the Director-General has always taken in the success of the Fund, may be estimated as well from his liberal Contributions, as from the exertions he has made to diffuse throughout the Medical Department of the Army, a knowledge of the benevolent objects which it embraces.

To the Trustees, THEODORE GORDON, Esq. and Dr. SHAPTER, the Subscribers are equally indebted for a liberal Contribution, and for the care and attention with which they have fostered the early growth of the Fund.

SIR JAMES FELLOWES, Inspector of Hospitals, on receiving the first notice of the formation of the Fund, placed £50. at the disposal of the Committee, expressing, at the same time, his warmest wishes for the success of so laudable an undertaking.

Dr. CARNEGIE, Surgeon (H. P.) 62nd Regiment, contributed in the same generous manner the Sum of Fifty Guineas, and the Committee have very great pleasure in noticing an instance of liberality so honourable to himself, and to the Department.

The Court of Assistants of the Worshipful Society of Apothecaries, (by a Letter addressed to the Secretary, through E. BACOT, Esq.) have expressed their intention of making an Annual Donation to the Fund of Ten Guineas, and their good wishes in its behalf are further evinced in their very liberal retrospect of the three past Years.

SIR LUCAS PEPYS, Physician-General to the Army, has presented to the Fund the Sum of Twenty Guineas; and a like Sum has been received from Mr. WINDOW, Agent for Army Hospitals, Banker to the Fund; and from Mr. JACKSON, Surgeon 14th Foot.

Dr. RENNY, Director-General of the Irish Medical Department, has paid into the Treasurer's Hands, the Sum of Twenty Pounds; and a similar Sum has been received from Mr. PEARCE Surgeon 30th Foot.

The Committee beg to express, in a particular manner, their obligations to several Gentlemen in charge of the Medical Department in the Colonies, whose benevolent Exertions in support of the Fund, have been met by a corresponding liberality on the part of the Medical Officers on the Station.

The Committee, in particular, have to notice the Collection made in Jamaica, under the auspices of Dr. ADOLPHUS, Deputy-Inspector of Hospitals, amounting to £72. 8s.—In the East Indies, Mr. SMET, Surgeon 8th Light Dragoons, contributed the Sum of Thirty Guineas, and was the means of procuring Donations of Ten Guineas each, from A. GIBB, Esq. Superintending Surgeon at Meerut; and from G. REDDIE, Esq. Superintending Surgeon at Cawnpore.

From Nova Scotia, Dr. STRACHAN, Deputy Inspector of Hospitals, has remitted Donations to the Amount of Fourteen Guineas; and Dr. NICOLL, Deputy Inspector, has announced a Subscription among the Medical Officers, stationed at Sierra Leone, amounting to upwards of £40.

These proofs of the generous feelings of the Officers of the Medical Department of the Army, have been accompanied by the strongest expressions of their satisfaction at the Establishment of the Fund, and the warmest wishes of the Donors for its increasing prosperity. The Committee feel assured, that so supported and encouraged, it cannot fail of soon reaching that point at which it may commence its career of usefulness; but they are equally convinced, that this cannot be attained until the Fund has accumulated, so as to yield a Yearly Permanent Interest of £100.

The Committee during the last Twelvemonth, have had occasion to witness several instances in which the support of this Fund would have been, in the highest degree, useful to Families, and honourable to the Department. Their regret, at being compelled, for the present, to remain inactive, has been however considerably abated by observing the gradual advances of the Fund, and by their full confidence, that, when it becomes more generally known among the Officers of the Department, the generous and charitable among them, whose names are not already enrolled in the List of Subscribers, will speedily come forward in its support; and complete the plan which has been formed for affording relief to the Widows and Orphans of Medical Officers of the Army, and giving increased Character and Dignity to the Department.

The Committee, in conclusion, beg to suggest a hope, that the more opulent among their brother Officers will remember this useful Fund in their Testamentary Dispositions; and they pledge themselves to give effect to any benevolent Intentions which the Testators may express.

The REPORT having been read, the Meeting proceeded to elect Dr. THEODORE GORDON, and Dr. M. A. BURMESTER, Members of the Committee, in the room of Mr. GUTHRIE and Dr. EMERSON.—And Dr. SOMERVILLE and Mr. JAMES, Auditors of the Accounts for 1822-23. After which the Thanks of the Meeting were voted to the Committee for their activity and zeal in the cause of the Institution.

The Thanks of the Meeting were also voted to the Auditors and the Secretary.

The Chairman having left the Chair,

It was Resolved unanimously,

That the Thanks of this Meeting be given to the Chairman, Sir JAMES M'GRIGOR.

REPORT
 OF THE COMMITTEE OF

 BENEVOLENT FUND,
 1833.

REPORT
OF THE COMMITTEE OF
THE ARMY MEDICAL OFFICERS BENEVOLENT FUND,
 LAID BEFORE THE SECOND ANNUAL GENERAL MEETING,

HELD AT

No. 5, BERKELEY STREET, PICCADILLY, 16th MAY, 1823.

SIR WILLIAM FRANKLIN IN THE CHAIR.

THE Committee submit to the consideration of the General Meeting a Report of the Proceedings and Progress of the Establishment.

They refer with unfeigned satisfaction to the Report of last Year, from the circumstance of being enabled to say that all the favourable anticipations of that period have been realized. The Fund may indeed be almost said to have advanced rapidly. Last Year the Money invested in the Navy Five per Cents. amounted to £.879. 0s. 6d. Stock.

This Year the amount of Stock in the New Four per Cents. is £.1000; and in the Three per Cent. Consols, £.678. 5s. 7d.

In referring to the names of those Gentlemen that were especially mentioned in the former Report, as active and liberal Contributors to the Fund, the Committee have the gratification of announcing that SIR LUCAS PEPPYS, Physician-General of the Army, has given another Sum of Ten Guineas, and signified his intention of becoming an Annual Donor to that Amount.

Dr. NICOLL, the Deputy Inspector of Hospitals, on the Western Coast of Africa, has remitted home the Sum which he had announced as subscribed by the Medical Officers under his superintendance, amounting in the whole to £.51. 8s.

Dr. ADOLPHUS, in addition to the Sum formerly reported as having been collected in and remitted from Jamaica, has sent home the Amounts of a Second and a Third Contribution, of £.84. 8s., and £.34, respectively. The Committee have signified to these Gentlemen how highly their exertions are appreciated; and have assured them of the warmest thanks of the general body of Subscribers for such efficient Aid to the Institution.

Among the new Contributions, the Committee desire particularly to bring under the notice of the Meeting the Sum of £.22. 1s. 8d. which Dr. MASON GOOD has been authorised to transfer to this Fund:—It is Part of the remaining Monies in the Hands of the Managers of an Association whose object has been completed, and those Gentlemen have judged it expedient to distribute the Balance among certain Establishments, connected with the Profession, having for their ends the like benevolent Purposes with that of the Medical Officers of the Army. This is one proof among many, of the excellent understanding and good feeling of the Profession at large, towards that part of it more immediately engaged in the Military Service of the Country.

The Committee have further much pleasure in noticing the liberal Contribution of Twenty Guineas by CHARLES MANSFIELD CLARKE, Esq.

The Committee forbear to particularise the Names of several new Contributors, to avoid prolixity in a Report of this nature; but they suggest that the whole be separately printed, as an Appendix to the List of last Year. They have also the pleasure to observe the names of several Ladies as Annual Subscribers; and they recommend that these be distinctly and separately inserted at the head of this Second Return of Benefactors. The Committee feel perfectly assured that the circumstance of Ladies' Subscriptions being received, requires only to be known to augment very materially this source of Income.

The Meeting will have noticed that a Part of the Money lately invested, has been placed in the Three per Cent. Consols, while the original Rules had designated another description of Stock for these Investments. But that Stock having been materially changed by the Legislature, the Committee, with the approbation of the Trustees, have thought it justifiable to recur to what is usually held the most eligible description of Stock among the Public Funds, and they trust this arrangement will meet the approbation of the Meeting.

In conclusion, the Committee revert with pleasure to the favourable and encouraging prospects of the Fund. They trust that the large Sum of Money bestowed as Donations on the Widows' Fund, will soon be transferred to this, agreeably to the general consent of the Donors, and in accordance with the views that first prompted their liberality. This addition to the Fund will be of the highest import, by augmenting the means to such an extent as to allow of distributions (from the Interest of the Stock), being commenced perhaps very early in the ensuing Year.

Still the Committee would urge the expediency of a constant attention to the augmentation of this most useful Fund.—It is to be remembered that the distribution commences at its minimum; and to whatever extent it may arrive, the Committee anxiously trust that its means will keep pace with the claims of the unfortunate.

The REPORT having been read, the Meeting proceeded to elect J. W. DUNKIN, Esq. and TITUS BERRY, Esq. Members of the Committee, in the rooms of Dr. BURMESTER and Dr. GREGORY;—and P. M'GREGOR, Esq. and Dr. GEORGE GREGORY, Auditors of the Accounts for the ensuing Year.

The Thanks of the Meeting were then voted to the Trustees, the Committee, the Auditors, and the Secretary.

The Chairman having left the Chair,

It was Resolved unanimously,

That the Thanks of the Meeting be given to the Chairman, Sir WILLIAM FRANKLIN.

REPORT OF THE COMMITTEE OF THE ARMY MEDICAL OFFICERS BENEVOLENT FUND,

LAI'D BEFORE THE THIRD ANNUAL GENERAL MEETING,

HELD AT

No. 5, BERKELEY STREET, PICCADILLY, 14th MAY, 1834.

SIR JAMES M'GRIGOR IN THE CHAIR.

The Committee of the ARMY MEDICAL OFFICERS BENEVOLENT FUND, in submitting to the General Meeting a Report of the Progress of the Fund during the last Year, have the satisfaction of announcing that the advances which it has made are considerable; and if the flattering expectations of the former Report have not been fully realised, that the disappointment has been owing to circumstances neither foreseen, nor under control.

The General Meeting will hear with regret, that difficulties have arisen in fulfilling the benevolent Intentions of the Members of the Widows' Fund, and that the large Sums bestowed as Donations to that Fund, cannot (for the present at least) owing to the legal construction of certain clauses in the Deed of Settlement of the Society, be rendered available to the objects of this Establishment.

The Committee, in making this communication, desire at the same time to express their firm belief, that these impediments to the proposed Transfer have been equally regretted by the Committee and Members of the Widows' Fund; and they are sure that the General Meeting will join them in expressing their cordial thanks to that Body, for the disposition which they have invariably manifested to promote the measure. The Committee, however, by no means despair of its ultimate accomplishment, indulging the hope that means may hereafter be found, which will give the strictest legal sanction to the generous intentions of the Members of the Widows' Fund.

The total Amount of the Benevolent Fund at the present time, is £1,000. Stock in the New Four per Cents, and £1,118. 5s. in the Three per Cent Consols; affording an Annual Interest of £73. 10s.

The Committee have had under their consideration the necessity now existing (in consequence of the abolition of the Navy Five per Cents,) of some alteration in that Rule which prescribes the Time at which the distribution of the Fund should commence. Being convinced that a permanent Annual Income of £100. arising from the Interest of vested Property, is the lowest point at which the Fund can commence its operations with any prospect of real utility, they have resolved to recommend to the General Meeting an alteration in the Regulations to such an effect; and they trust that the general Body of Subscribers, when they reflect on the probable number of applicants for relief, will be satisfied of the necessity of such a limitation.

The Committee have the pleasure to announce a Donation of Ten Guineas from W. M'DOWALL, Esq., Superintending Surgeon of the Honourable East India Company's Service; and they have peculiar satisfaction in again bringing under the notice of the General Meeting the liberality of THE WORSHIPFUL SOCIETY OF APOTHECARIES, and of SIR LUCAS PEPYS, Physician-General of the Army, who continue their Annual Contributions of Ten Guineas.

The General Meeting will perceive with pleasure, that the List of Ladies Subscriptions has very materially augmented; and the Names of Lady M'GRIGOR, Lady FELLOWES, Lady MEADE, Mrs THOMSON, Mrs TRUMBLE, and Mrs GUNSON, with their very liberal Donations, cannot fail to attract notice. While offering their acknowledgments to these Ladies for their support, the General Meeting will anticipate with the Committee the further extension of this List, as the benevolent objects of the Fund become more generally known.

The Committee have had ample opportunities of observing in how great a degree the Fund is indebted for its present prosperity to the exertions of the President, SIR JAMES M'GRIGOR; and they should not feel they had fully discharged their duty, without attempting to impress the general Body of Subscribers with a sense of the many obligations which are due to him for such efficient patronage.

It remains only that the Committee urge upon the General Meeting the necessity of continuing their exertions in behalf of the Fund. It is not, perhaps, generally known that the objects of the Society's bounty are numerous, and that very many Widows and Orphans are anxiously waiting for the period when its benevolent operations may commence. The hope held out in the last Annual Report, that a distribution of the Interest of the Stock might possibly take place in the course of the present year, slight as it was, induced several most deserving Persons to forward to the Committee their Claims; and it was with great pain that the Committee were compelled to withhold from them any prospect of immediate assistance.

The Fund, however, has now reached that point, when a slight addition to the united zeal of its friends will enable it to commence its career of active charity; and the Committee are well assured, that an Appeal thus addressed to the liberality of their Brother Officers, will not be made in vain.

THE CHAIRMAN

The REPORT having been read, the Meeting proceeded to elect RALPH GREEN, Esq. SAMUEL COOPER, Esq. and GEORGE GREGORY, M.D. Members of the Committee, in the room of SIR WILLIAM FRANKLIN, SAMUEL REED, Esq. and J. W. DUNKIN, Esq.;—and SIR WILLIAM FRANKLIN, and SAMUEL REED, Esq. Auditors of the Accounts for the ensuing Year.

The Thanks of the Meeting were then voted to the Trustees, the Committee, the Auditors, and the Secretary.

The Chairman having left the Chair,

It was Resolved unanimously,

That the Thanks of the Meeting be given to the Chairman, Sir JAMES M'GREGOR.

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS BENEVOLENT FUND,

LAI'D BEFORE THE FOURTH ANNUAL GENERAL MEETING,

HELD AT

No. 5, BERKELEY STREET, PICCADILLY, 20th MAY, 1825.

DR. BORLAND IN THE CHAIR.

THE rapid advance which the ARMY MEDICAL OFFICERS BENEVOLENT FUND has made since the date of the last Report, is a source of the highest gratification to the Committee; and it is with feelings of the most lively satisfaction that they announce to the Members generally, that a few months will place it in a situation to commence its career of usefulness.

The Donations and Subscriptions received during the year terminating May 20th, 1825, amount to £501 : 3s. : a sum exceeding by £132 the corresponding Receipts of the preceding year. The Funded Capital has been augmented, during the same period, by the sum of £626 : 14s. 2d. Three per Cent. Consols, so as to present, on this day, an Aggregate of £1000. New Four per Cents., and nearly £1750, Three per Cent. Consols; affording an Annual Interest of £90. There is only wanting, therefore, at the present Price of the Funds, the Sum of £185, in addition to the Balance in hand, to obtain that permanent Annual Income of £100, when the Fund, by the Resolution of the last Annual General Meeting, may commence its benevolent operations. From the experience of former years, the Committee confidently anticipate the Receipt of this Sum prior to the end of December. There will then remain the January Dividends, and a considerable portion of the Annual Subscriptions and Donations, for distribution at the General Meeting in May next. To that period the Committee look forward with sincere pleasure, well persuaded that the long cherished expectations of the Friends of the Fund will then be amply realised.

The gratifying task now devolves upon the Committee of directing the notice of the Subscribers, and of the Medical Officers of the Army generally, to those Individuals by whose benevolent exertions during the past year, the Fund has been so ably supported.

To SIR LUCAS PEPPYS, Physician-General of the Army, and to THE WORSHIPFUL SOCIETY OF APOTHECARIES, the Committee have again to express their obligations. The Annual Contributions of Ten Guineas, coeval with the Establishment of the Fund, are still continued by them with a liberality which merits the warmest thanks of the Members.

The noble example of benevolence thus set, has been followed by JOHN CALVERT CLARKE, Esq., who, in the same spirit which was manifested on the formation of the WIDOWS' SOCIETY, has expressed his intention of becoming an Annual Contributor of Ten Pounds to the Benevolent Fund.

J. F. SMET, Esq. Surgeon 8th Dragoons, has evinced his regard for the Department, and his generous feelings in behalf of the distressed Widows and Orphans of its Medical Officers, by a Donation of Thirty Guineas, in addition to one of the same amount, already gratefully recorded in the Report of 1822. It is peculiarly gratifying to the Committee to find the power of doing good thus happily united to the most benevolent disposition of mind.

In very distant parts of the Empire a similar zeal for the improvement of the Fund has manifested itself. JOHN HUME, Esq., Surgeon 59th Regiment, has transmitted from India a Second Collection, amounting to Eighteen Pounds; and has exerted himself strenuously in making known, throughout that Country, the existence and objects of this Fund. M. W. KENNY, Esq. Surgeon 67th Regiment, has, from the same Quarter, forwarded a Donation of Ten Guineas, expressing, at the same time, his intention of becoming a Contributor of Five Guineas for the Four next Years.

The Committee have further to record the Receipt, during the Year, of various Donations of Ten Guineas, for which they beg to offer their cordial thanks. A List of these will be found annexed to the present Report.

It is highly satisfactory to the Committee to perceive that the Subscriptions from the Ladies of Army Medical Officers are gradually augmenting. They look forward, too, with confidence, to a still further increase in them, satisfied that the example of the Ladies whose names appear in the present List will not be lost on others, who, though not contributing to the Fund, must feel equally interested in its future success.

The Committee have, next, to direct the especial attention of the Subscribers to the zeal manifested in behalf of the Fund from its very first establishment, by their Secretary, Mr. TANNER. His services have been throughout gratuitous, and the Committee can with truth say, that no remuneration could, in their opinion, have added, in any degree, to the accuracy which he has displayed in keeping the Accounts of the Fund, nor to the unwearied attention which he has given to its general superintendance.

In conclusion, the Committee desire it to be understood, that any Memorials in favour of Persons anxious to obtain Relief from the Fund, should be transmitted to the Secretary, or to any Member of the Committee, in the Months of January and February, 1826. Each Case will be duly investigated and reported on by the Committee; but the Selection of deserving Cases, and the Amount of Relief to be afforded to each, will be entirely at the discretion of such Members as may be present at the Annual General Meeting in May next.

The REPORT having been read, it was moved, and resolved unanimously, That the same be printed and circulated extensively among the Medical Officers of the Army.

The Chairman then directed the especial attention of the Gentlemen present to that part of the Report which noticed the smallness of the Sum required to place the Fund in an efficient condition (£.185), and trusted that the generous feelings of the Friends of the Fund would not suffer it to languish long for want of so trifling an addition. The following Sums were thereupon subscribed, and directed to be immediately added to the Funded Stock.

The Committee, therefore, have now the pleasure of informing the Members, that the Fund will be in a state of efficiency as soon as the July Dividends on the Society's Stock are paid; but no Memorials, or Applications for Relief, can be received prior to the 1st of January, 1826.

The Meeting next proceeded to elect Dr. EMERSON, and S. REED, Esq. Members of the Committee, in the room of Dr. THEODORE GORDON, and Mr. TITUS BERRY, who go out by rotation; and Sir WILLIAM FRANKLIN, and Dr. GORDON, Auditors of the Accounts for the ensuing Year.

The Thanks of the Meeting were then voted to the Trustees, the Committee, the Auditors, and the Secretary.

The Chairman having left the Chair,

It was Resolved unanimously,

That the Thanks of the Meeting be given to the Chairman, Dr. BORLAND.

We certify that we have carefully examined the Benevolent Fund Account for the Year ending 12th May, 1827, and that we are satisfied as to its accuracy, and that we have every reason to believe the Statement correct.

THEODORE GORDON, }
EDWARD HODGES, } Auditors.

The Committee of "The Army Medical Officers' Benevolent Society" would hold themselves wanting in duty to those by whom they were nominated, if they failed to render an account of their stewardship; more especially when the facts which they have to announce, regarding the progressive increase of the Fund confided to their care, are satisfactory beyond what even the most sanguine expectations of its early promoters ventured to anticipate.

The Receipts of the Benevolent Fund have this year exceeded the sum of £.1,000, being £.300 more than had been received during any former year since its establishment. There are about Fifty new Subscribers, of One Guinea annually.

The Funded Stock of the Society now amounts to £.1,000 Four per Cents, and £.3,500 Three per Cent. Consols, affording the annual Interest of £.145. At the present price of the Funds, this would produce nearly £.4,000 sterling.

In consequence of the zealous and gratuitous services of the Secretary of the Society, its proceedings are conducted at an expense little more than nominal.

Such is a brief sketch of the present condition of "The Army Medical Officers' Benevolent Fund." It remains for the Committee to hold up to the notice, and, they may safely add, the admiration, of the Subscribers, and of the Hospital Staff of the Army generally, the Names of those Individuals who have been chiefly instrumental in carrying into execution this work, so highly honourable to the Department, and promising such an ample harvest of public utility hereafter.

The interest which the Ladies of the Department have always taken in the success of the Fund—never more conspicuous than during the present year—merits the warmest thanks of the Committee. Several Donations of Ten Guineas have been received from them, besides others of smaller amount; among which, the Committee would especially notice those of Mrs. Adolphus and Mrs. Hackett.

The anxious wishes of the Director-General to excite, among the Officers in charge of Foreign Stations, a zeal in the cause of the Orphans' Fund, have been met by a corresponding energy and liberality on their part, which calls for the strongest expressions of thanks from the Committee.

Dr. Adolphus, Inspector of Hospitals in Jamaica, has signalized himself in this benevolent work: his exertions for many years past have been strenuous and unceasing. In his own family he has contributed upwards of £.60; and he has been instrumental in procuring Donations and Subscriptions from others, to the amount of £.300.

To Dr. James Forbes, Inspector of Hospitals in Canada, the Society is also largely indebted; he having just transmitted a List of Contributions from the Officers under his command to the amount of £.160.

The Subscriptions from Sierra Leone, amounting to Fifty Guineas, collected and transmitted by the late Dr. Nicoll; and those from Nova Scotia, by the hands of Dr. Strachan, Inspector of Hospitals, amounting to Fourteen Guineas, have been noticed in former Reports.

The Receipts from India already announced, for which the Society is indebted to the joint exertions of Mr. Smet and Surgeon Hume, of the 59th, amount to £.136; and further assistance from the same quarter may reasonably be expected, when the Committee consider that the principal stations there are now superintended by zealous friends of the Fund, two of whom have furnished large Contributions during the present year—viz. Dr. Burke, Inspector of Hospitals at Calcutta, who has recently transmitted Twenty-five Guineas, in addition to former payments of Twelve Guineas; and Dr. Strachan, Inspector of Hospitals at Bombay, who has also remitted a Donation of Twenty Guineas.

The Committee, further, desire to express their particular obligations to the Surgeon-General of Ireland, for his Donation of Twenty Pounds. Likewise to Staff-Surgeons Melin, Simpson, Burton, and Bell, for their liberal Contributions.

There will be found among the Subscribers to the Fund many warm supporters whose liberality is not confined to the payment of a single sum, but who contribute annually to the extent of Ten Guineas. The Committee desire to express their particular thanks to the Worshipful Society of Apothecaries; to Sir Lucas Pepys, Bart.; to Calvert Clark, Esq.; and Robert Glasgow, Esq.; who are distinguished by this display of generous feeling. Dr. Hamilton, Staff Surgeon, and M. W. Kenney, Esq., Surgeon 67th Regiment, annual contributors of Five Guineas each, merit also, in an especial manner, the notice of the Subscribers, and the thanks of the Committee.

To the Medical Officers of the Department generally, who, by their smaller, but not less useful Contributions, swell the stream of charity to its present gratifying amount, the thanks of the Committee are no less justly due; and to them they desire to express, individually, their obligations for the confidence which has been reposed in them. As Members of the Committee, they have enjoyed the highest gratification in witnessing so many pleasing proofs of zeal for the Department, and of generous enthusiasm in the cause of the Orphan and the Friendless.

In conclusion, the Committee beg leave to lay before the General Meeting their proposed arrangement for the distribution of the Fund for the current year: viz.—

The Committee propose, that the distributions shall extend to One Hundred and Fifty Pounds for the year.

They presented, accordingly, the accompanying Abstract of Claims, with the Awards in each case, for confirmation : viz.—

To Three Orphans of an Assistant Surgeon to the Forces	£. 30
" Two Orphans of a Regimental Surgeon	20
" Four Children of a Regimental Surgeon, deceased	15

REPORT
OF THE COMMITTEE OF
THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,
LAID BEFORE THE SEVENTH ANNUAL GENERAL MEETING,

HELD
At Willis's Rooms, King Street, St. James's, on the 22nd of May, 1828.

W. W. FRASER, Esq. Inspector of Hospitals, in the Chair.

The Committee of "The Army Medical Officers' Benevolent Fund" desire to report, that they have devoted their best attention to the interests of the Fund during the past year, and have been seconded by a corresponding feeling on the part of their Brother Officers, highly honourable to their spirit and liberality.

In entering upon their duties, they could not but feel some hesitation. It was scarcely reasonable to hope, that the stream of Benevolence, which had flowed uninterruptedly for seven years, and brought the Fund into its present prosperous condition, should continue; but it is now the pleasing duty of that Committee to state, that such expectations have been agreeably disappointed—that the springs of Charity are still as productive as ever, and that the Receipts of the past year have scarcely been exceeded by those of any year since the establishment of the Fund.

It will be seen, by reference to the annexed Statement of the Society's Accounts, that the Receipts since the last General Meeting have amounted to £1,000; that is to say, Donations and Subscriptions, £834; Interest on Stock, £166.

£900 Three per Cent. Consols have been purchased during the year, making the Society's Stock, at this time, to consist of £4,400 Three per Cents., and £1,000 Four per Cents., producing £172 per Annum.

The Committee consider that their duties would be imperfectly performed, were they to omit recording the names of those Contributors to the Fund, who, during the past year, have been conspicuous by their acts of liberality. The accompanying List of Subscribers is so contrived, as to show at one view the whole Receipts of the year. In casting their eyes over it, the attention of Members will probably be drawn to the following Names:—

Lady M'Grigor, by the additional Sum of Five Pounds, has made up her Subscription to Fifteen Pounds. Mrs. Borland has contributed Ten Guineas. Mrs. Henderson, Mrs. T. Gunning, and Mrs. Bohan, Ten Pounds each. Mrs. Harrington and Mrs. Starkie are Contributors of Five Pounds each.

The Society is doubtless aware that Sir Lucas Pepys, Bart., the Worshipful Company of Apothecaries, and Calvert Clarke, Esq., are Donors to the Fund, of Ten Guineas annually. Dr. Shapter has made a second Donation of £21. John Lawrie, Esq., Army Agent, and Dr. Mouat, of the 14th Foot, are Contributors to the same amount. Dr. Brown, Inspector of Hospitals at Madras, has transmitted to the Treasurer the Sum of £27 15s., being a Collection, in aid of the Funds, from the Medical Officers on that Station. Dr. M'Mullen, Deputy Inspector of Hospitals, has presented £20, and the following Officers are Contributors of Ten Guineas each: Dr. Woolriche (2nd Donation); Dr. Broadfoot; Dr. Sweeny; Dickens Buckle, Esq.; Dr. Baird; Dr. Ingham, 29th; Surgeon Millar, 47th Foot; Surgeon Barlow, 71st; Assistant Surgeon Cotton, 14th Regiment; Surgeon Brown, 45th Regiment; Dr. Browne, H. P.; and Assistant Surgeon Richmond, 4th Dragoons. Sir James M'Grigor, by a recent Contribution of Five Pounds, has made up his total Donation to Thirty-five Pounds. Mr. Bruce, of the Royal Military College, by the payment of Eight Guineas, has made up his total Subscription to Twenty-one Pounds. Assistant Surgeon Browne, of the 23rd, has contributed £7 18s.

The following Gentlemen have entitled themselves to the especial Notice of the Subscribers, by expressing their intention of making an Annual Payment of Five Guineas: viz.—

Dr. Foster, 56th, H. P.; Surgeon Richardson, of the 2nd West India Regiment; and Dr. Hamilton, Staff Surgeon.

The Committee have the further satisfaction of reporting, that the Sum of One Hundred and Fifty Pounds, awarded at the last General Meeting, in various proportions, as then stated, among the most helpless of the Orphans of Army Medical Officers, has been duly paid and gratefully received; and the Committee have reason to think that such Assistance has contributed most essentially to their Comfort.

The Committee recommend that the Sum for Distribution, on the present occasion, be limited to Two Hundred Pounds.

STATEMENT of the RECEIPTS and EXPENDITURE of the ARMY MEDICAL BENEVOLENT SOCIETY, from the 12th May, 1827, to the 22nd May, 1828.

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE EIGHTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on the 16th of May, 1829.

DR. SOMERVILLE, IN THE CHAIR.

THE Committee beg to offer their best thanks to the Subscribers to "The Army Medical Officers' Benevolent Society," for the support they have received since the last Annual General Meeting; they regret, however, to observe, that the amount has not been equal to former Years, yet they have received several large Donations, and have been enabled to add £.600 Three per Cents. to the Capital Stock of the Society, which now consists of £.5000 Three per Cent. Consols, and £.1000 Four per Cents, producing an Annual Income of £.190. The Committee recommend that £.200 be granted for Distribution for the present Year, and they confidently hope, that before the next Annual Meeting a similar sum will be obtained for the objects of the Society, from the Interest of the Stock alone, without touching any part of the Subscriptions.—The Secretary then read the Abstract of Receipts and Expenditure, and the Names of the New Subscribers, whose Names appear in Italics, as follows.

STATEMENT of the RECEIPTS and EXPENDITURE of the ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY, from the 22nd *May*, 1828, to the 16th *May*, 1829.

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE NINTH ANNUAL GENERAL MEETING,

HELD
At the THATCHED HOUSE TAVERN, St. James's Street, on the 19th of May, 1830.

G. J. GUTHRIE, ESQ. IN THE CHAIR.

The Committee of "The Army Medical Officers' Benevolent Society" have again the pleasing task of announcing to the Subscribers, the prosperity and highly-gratifying prospects of the Fund. Ten years only have elapsed since its first establishment, and in that time £.6400 have been accumulated; viz. £.1000 in the Four per Cents., and £.5400 in the Three per Cent. Consols, yielding, at the present time, an annual interest of £.202.

The Subscriptions and Donations for the year ending May 17th, 1830, have been both numerous and liberal; and while they stand forth an honourable testimony to the benevolent spirit which animates the Medical Officers of the Army, they hold out, at the same time, the pleasing prospect of effecting much present and permanent benefit to the distressed Orphans and Widows of the Medical Department of the Army. The total Income of the Society for the past year (including Donations, Annual Subscriptions, and Interest on funded Capitals) amounts to £.732 8s. 4d.; of which it is proposed to reserve a large portion for progressive accumulation.

It will, doubtless, be gratifying to the Subscribers, to know the names of those brother Officers to whose benevolent assistance the Fund has been chiefly indebted, during the past year.

Sir LUCAS PEFFS, Physician-General to the Forces, has paid his Tenth Annual Donation of Ten Guineas; and an equal Sum has been received, for the Sixth time, from CALVERT CLARKE, Esq., Apothecary-General to the Forces.

Surgeon F. FOSTER, of the H. P., continues his annual Donation of Five Pounds. To the exertions of Dr. M'MALLOCH, of the 46th Regiment, at Madras, the Society is indebted for a Collection, amounting to £.23 15s. 2d. Assistant-Surgeon Ducat, H. P., has contributed the Sum of £.12.

The following Gentlemen are contributors of Ten Guineas each:—J. KIRKLAND, Esq.; Dr. J. CLARKE; Dr. PERSTON, 26th Foot, Second Donation; Dr. FOX, Hospital Assistant; and Dr. GAULTER, Hospital Assistant.

From Dr. J. F. CLARKE, Physician to the Forces, the Sum of Ten Pounds has been received; and the Committee beg to express their acknowledgments to Dr. KEMLO, of the 59th Regiment, for the Donation of One Hundred Rupees, which has realized the sum of £.9 11s. 8d.

The following Gentlemen are Donors to the Amount of Five Guineas each:—Surgeon HIBBERT, 99th Regiment, Second Donation; G. PEACH, Esq., H. P., Second Donation; Staff-Surgeon ROBERTSON; Assistant-Surgeon BELL, 24th Regiment; and JAMES BARLOW, Esq., Surgeon 3rd Dragoons, Second Donation.

The Sum of Five Pounds has been received from the following Gentlemen:—Staff-Surgeon CARDIFF; G. F. LOCKLEY, Esq., Deputy Inspector, Second Donation; and Dr. DAVID BARRY, Physician to the Forces.

The Subscribers, generally, must be well aware, in how great a degree the Fund stands indebted to Sir J. M'GRIGOR, for his liberal Donations and fostering Encouragement. The Director-General has given them, this year, an additional claim upon their gratitude, by a Donation, which, in addition to preceding Payments, makes the total Sum received from him amount to £.45. Besides which, Miss M'GRIGOR has contributed £.5 5s.; and a Third Donation of £.5 has been received from CHARLES M'GRIGOR, Esq.

The Committee are deeply sensible of the obligations which are due to their brethren in civil life. The Worshipful Company of Apothecaries continue their Annual Donation of Ten Guineas; Dr. CHARLES MANSFIELD CLARKE has transmitted a Second Donation of Twenty Guineas; and LADY TIERNEY has presented the Sum of Five Pounds. The Committee have great pleasure in recording publicly these instances of generous co-operation in the work of charity.

At the last General Meeting, held May 16th, 1829, £.200 were divided among Eleven Claimants. As the applications which have come before the Committee this year are both more numerous and more urgent, they beg to recommend to the General Meeting, that the Sum for distribution be augmented to £.220, which they have partitioned, to the best of their judgment, among twelve of the most pressing cases.

The Committee cannot conclude their Report, without calling the especial attention of the Subscribers to the valuable services of their Secretary, Mr. TANNER. For ten years he has devoted his time and trouble, gratuitously, and the highest credit is due to him for accuracy in keeping the Accounts, and punctuality to the general interests of the Society; and, through the united exertions of all, the Benevolent Society of Army Medical Officers is indebted for the high character which it enjoys; which, shedding additional lustre over the Department, stimulates the charity of the affluent, and encourages the hope of the distressed.

STATEMENT of the RECEIPTS and EXPENDITURE, from the 17th of May, 1829, to the 19th of May, 1830.

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE NINTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on the 19th of May, 1830.

G. J. GUTHRIE, ESQ. IN THE CHAIR.

The Committee of "The Army Medical Officers' Benevolent Society" have again the pleasing task of announcing to the Subscribers, the prosperity and highly-gratifying prospects of the Fund. Ten years only have elapsed since its first establishment, and in that time £.6400 have been accumulated; viz. £.1000 in the Four per Cents., and £.5400 in the Three per Cent. Consols, yielding, at the present time, an annual interest of £.202.

The Subscriptions and Donations for the year ending May 17th, 1830, have been both numerous and liberal; and while they stand forth an honourable testimony to the benevolent spirit which animates the Medical Officers of the Army, they hold out, at the same time, the pleasing prospect of effecting much present and permanent benefit to the distressed Orphans and Widows of the Medical Department of the Army. The total Income of the Society for the past year (including Donations, Annual Subscriptions, and Interest on funded Capitals) amounts to £.752 8s. 4d.; of which it is proposed to reserve a large portion for progressive accumulation.

It will, doubtless, be gratifying to the Subscribers, to know the names of those brother Officers to whose benevolent assistance the Fund has been chiefly indebted, during the past year.

Sir LUCAS PEPPYS, Physician-General to the Forces, has paid his Tenth Annual Donation of Ten Guineas; and an equal Sum has been received, for the Sixth time, from CALVERT CLARKE, Esq., Apothecary-General to the Forces.

Surgeon F. FOSTER, of the H. P., continues his annual Donation of Five Pounds. To the exertions of Dr. M'MALLOCH, of the 46th Regiment, at Madras, the Society is indebted for a Collection, amounting to £.23 15s. 2d. Assistant-Surgeon Ducat, H. P., has contributed the Sum of £.12.

The following Gentlemen are contributors of Ten Guineas each:—J. KIRKLAND, Esq.; Dr. J. CLARKE; Dr. PERSTON, 26th Foot, Second Donation; Dr. FOX, Hospital Assistant; and Dr. GAULTER, Hospital Assistant.

From Dr. J. F. CLARKE, Physician to the Forces, the Sum of Ten Pounds has been received; and the Committee beg to express their acknowledgments to Dr. KERLO, of the 59th Regiment, for the Donation of One Hundred Rupees, which has realized the sum of £.9 11s. 8d.

The following Gentlemen are Donors to the Amount of Five Guineas each:—Surgeon HIBBERT, 99th Regiment, Second Donation; G. PEACH, Esq., H. P., Second Donation; Staff-Surgeon ROBERTSON; Assistant-Surgeon BELL, 24th Regiment; and JAMES BARLOW, Esq., Surgeon 3rd Dragoons, Second Donation.

The Sum of Five Pounds has been received from the following Gentlemen:—Staff-Surgeon CARDIFF; G. F. LOCKLEY, Esq., Deputy Inspector, Second Donation; and Dr. DAVID BARRY, Physician to the Forces.

The Subscribers, generally, must be well aware, in how great a degree the Fund stands indebted to Sir J. M'GRIGOR, for his liberal Donations and fostering Encouragement. The Director-General has given them, this year, an additional claim upon their gratitude, by a Donation, which, in addition to preceding Payments, makes the total Sum received from him amount to £.45. Besides which, Miss M'GRIGOR has contributed £.5 5s.; and a Third Donation of £.5 has been received from CHARLES M'GRIGOR, Esq.

The Committee are deeply sensible of the obligations which are due to their brethren in civil life. The Worshipful Company of Apothecaries continue their Annual Donation of Ten Guineas; Dr. CHARLES MANSFIELD CLARKE has transmitted a Second Donation of Twenty Guineas; and LADY TIERNEY has presented the Sum of Five Pounds. The Committee have great pleasure in recording publicly these instances of generous co-operation in the work of charity.

At the last General Meeting, held May 16th, 1829, £.200 were divided among Eleven Claimants. As the applications which have come before the Committee this year are both more numerous and more urgent, they beg to recommend to the General Meeting, that the Sum for distribution be augmented to £.220, which they have partitioned, to the best of their judgment, among twelve of the most pressing cases.

The Committee cannot conclude their Report, without calling the especial attention of the Subscribers to the valuable services of their Secretary, Mr. TANNER. For ten years he has devoted his time and trouble, gratuitously, and the highest credit is due to him for accuracy in keeping the Accounts, and punctuality to the general interests of the Society; and, through the united exertions of all, the Benevolent Society of Army Medical Officers is indebted for the high character which it enjoys; which, shedding additional lustre over the Department, stimulates the charity of the affluent, and encourages the hope of the distressed.

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAI'D BEFORE THE TENTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on the 18th of May, 1831.

JOHN WARREN, Esq. INSPECTOR GENERAL OF HOSPITALS, IN THE CHAIR.

THE Committee entrusted with the superintendance of the "Army Medical Officers' Benevolent Fund" have great pleasure in announcing to the Subscribers its progressive prosperity. The amount of Funded Property, now possessed by the Society, is £.1000 Three and a Half per Cents., and £.6100 Three per Cent. Consols, affording an annual Interest of £.218.

The Donations and Annual Subscriptions received during the past year amount to the sum of £.628, giving a total of £.835 as the income of the Society during the past year. The Committee have added £.700 Three per Cents. to their Funded Stock; and beg to propose to the General Meeting that the Sum of £.250 be this year distributed among the most deserving applicants. Many of the Cases which now claim the compassionate consideration of the Medical Officers of the Army are extremely urgent, and the Committee, in the course of their investigations into the relative claims, were more than usually impressed with the very great importance of the Fund, and with the grateful sense of obligation due to the Director-General for the foresight which planned, and for the increasing zeal which fostered and continues to encourage the benevolent design.

A very gratifying part of the duty of the Committee is, to announce to the Subscribers, generally, the names of those among them whose liberality has been conspicuous during the past year. They cannot enter, however, upon this pleasing detail without a tribute of regret for the loss which the Society has experienced in the death of its early and steady friend and supporter, Sir LUCAS PEPPYS, whose Contributions to the Society amount to the Sum of One Hundred Guineas.

MR. CALVERT CLARKE, and the Worshipful Company of Apothecaries, continue to evince their interest in the Society by their very liberal Contributions of Ten Guineas each annually; and Dr. CHARLES MANSFIELD CLARKE has most generously, and with an example of liberality rarely equalled, given his Third Donation of Twenty Guineas. Dr. ALEXANDER, Staff Surgeon, is entitled to the especial thanks of the Society for his Donation of Twenty Guineas, and Two Guineas annually; Dr. OWEN LINDSAY, Deputy Inspector General of Hospitals, is a Donor of Twenty Guineas; Staff Surgeon COLCLOUGH, of Twenty Pounds; Staff Surgeon S. HIGGINS, Inspector General, has given a Second Donation of Fifteen Pounds; Dr. MACANN, Staff Surgeon, has contributed Ten Guineas, and Two Guineas annually; Dr. HOWELL, Deputy Inspector General, has (including his family) subscribed Thirty Guineas. These, among many other instances which have recently occurred, may serve to show how often the intellectual endowments which lead to professional advancement are associated with the best qualities of the heart.

F. KNIGHT, Esq. Inspector General, has given a Second Donation of Ten Guineas; and Messrs. G. J. GUTHRIE, and Dr. STRACHAN, are DONORS, for the second time, of Ten Pounds each; Surgeon SANDAM, 11th Dragoons, and Dr. MURRAY, Assistant Surgeon 16th Dragoons, have subscribed Ten Pounds each; Sir J. M'GRIGOR, by a further Donation, has made his total Subscription to the Fund Fifty Guineas—his Sons participate in the same generous feeling: C. M'GRIGOR, Esq. has given his Fourth Donation of Five Pounds; and WALTER M'GRIGOR, Esq. his First Donation of Five Pounds.

SURGEON RICHARDSON, of the 2nd West India Regiment, and Surgeon FRANCIS FOSTER, H. P., are entitled to especial notice as ANNUAL CONTRIBUTORS of Five Guineas each; Dr. JAMES ARTHUR, Deputy Inspector General, has given Five Guineas for the Second time; Dr. ALEXANDER HAMILTON, Staff Surgeon, has sent his Sixth Donation of Five Pounds.

The Committee feel it incumbent on them to notice, with feelings of gratitude, the Ladies subscribing to the Fund. The following have entitled themselves to their especial thanks:—Mrs. HOWELL, for her Donation of Ten Guineas, and One Guinea annually; Miss HOWELL, and Miss CHARLOTTE HOWELL, for a Donation of Five Guineas each; Mrs. ISAAC ROBINSON, for her Donation of Ten Guineas, with One Guinea annually; Mrs. JOHN DAVY, for her Donation of Five Guineas, and One Guinea annually; Mrs. JOHN MURRAY, for her Donation of Ten Pounds; Mrs. J. BIGSBY, for her Second Donation of Five Guineas; and Mrs. S. HIGGINS, for her Second Donation of Five Pounds.

The following is a Statement of the Receipts and Expenditure of the Society since the last Annual General Meeting; and the Committee earnestly entreat the Members, whose Subscriptions are in arrear, to cause the same to be immediately paid up:—

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAI'D BEFORE THE ELEVENTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on the 16th of May, 1832.

SIR JAMES M^CGRIGOR, BART. IN THE CHAIR.

THE Committee have great pleasure in announcing to the Subscribers to the "Army Medical Benevolent Society" its increasing prosperity.

The Funded Property, to the present time, consists of £.1000 Three and a Half per Cent. Stock; and £.6900 Three per Cents. (being an addition of £.800 Stock since the last Meeting), and producing an Annual Interest of £.242.

The Donations and Annual Subscriptions amount to about £.670, making a total income of £.912. The Society's Accounts are now made up to the end of the Year 1831; and will in future embrace the period from the 31st December in one year, to the corresponding date in another year; and not from *May to May* as heretofore; but the names of Donors and Subscribers will appear in the Printed List up to the latest period prior to Publication.

The Committee feel the highest gratification in announcing the following Donations received since the last Annual Meeting, and they beg in an especial manner to point attention to the munificent Sum of One Hundred Guineas from Dr. FRANK, Inspector General of Hospitals, to whom they take this opportunity of repeating their thanks.

The thanks of the Committee are likewise eminently due to the Director-General of the Department, Sir JAMES M^CGRIGOR and Family, whose additional Donations and Subscriptions now amount to over One Hundred and Fifty Pounds; and to Sir CHARLES MANSFIELD CLARKE, Bart. for his most generous conduct in giving a Fourth Donation of Twenty Pounds, and likewise to the undermentioned Gentlemen and Ladies:—

REPORT

OF THE COMMITTEE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAI'D BEFORE THE THIRTEENTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on the 22nd of May, 1834.

DR. SOMERVILLE, PRINCIPAL INSPECTOR GENERAL, IN THE CHAIR.

THE Committee have again the pleasure of announcing the prosperous state of the Funds of the "ARMY MEDICAL BENEVOLENT SOCIETY," and that since the last Annual General Meeting £.500 Consols have been added to the capital of the Society, which now consists of £.1000 3¼ per Cents. and £.7900 3 per Cents., producing an Annual Income of £.272. The Committee beg particularly to notice the further Donation of Dr. FRANCK, Inspector General of Hospitals, of *Fifty Guineas*, which, added to One Hundred Guineas given by that Gentleman in 1831, merits the sincere and grateful thanks of the Managers, and friends of the Institution; they have likewise to notice the additional Donations of the undermentioned Gentlemen, viz.—

REPORT

OF THE STATE OF

THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE FIFTEENTH ANNUAL GENERAL MEETING,

HELD

At the THATCHED HOUSE TAVERN, St. James's Street, on Friday, the 20th of May, 1836.

DR. STRACHAN, INSPECTOR GENERAL OF HOSPITALS, IN THE CHAIR.

THE Committee, on this occasion, beg particularly to draw the notice of their Brother Officers in the Department to the gratifying fact, that Benevolent Members evince, in their testamentary dispositions, the sense which they entertain of the value of this excellent Charity.—The late Dr. Bullock was the first that led the way, having, in 1825, bequeathed a handsome donation for the benefit of the Orphans of Officers of the Department. During the year included in this Report, two Members have followed in the same course. The late Surgeon Robert Pearce, 30th Foot, who has generously bequeathed £200, and the late Surgeon Melin, 9th Lancers, whose bequest is £100.

The whole Department will ever bear in grateful remembrance the memory of these much lamented Brother Officers.

The principal Donors to the Fund since the last Annual Meeting are as follow; and the Committee beg to express their cordial thanks to them for the same.

In conclusion, the Committee have the gratification to report, that the Capital Stock of the Society now consists of £9000 Three per Cent. Consols, and £1000 Three and a Half per Cent., producing an annual income of upwards of £300 per annum.—Besides smaller Sums, the following have been received since the last Annual Meeting.—viz.:

At this Meeting, the propriety of limiting the age at which Orphans may be deemed eligible as recipients of the Society's bounty was considered. Other suggestions having also been made, having in view the improvement of the Society's Rules and Regulations, and a more widely extended knowledge of its nature and objects, IT WAS RESOLVED—That a Special Committee be appointed to revise the Rules and Regulations of the Society. It was further resolved—That JOHN WARREN, Esq., Sir JACOB ADOLPHUS, Dr. GORDON, Dr. GREGORY, and JOSEPH HARRINGTON, Esq., be members of the said Committee, and that three be a quorum. Members of the Society having suggestions to offer, are earnestly requested to communicate with the Special Committee through the Secretary.

The following Gentlemen were elected Members of the Committee, in lieu of two going out by rotation, viz. JOSEPH HARRINGTON, Esq., and CHARLES M'GRIGOR, Esq.; and EDWARD HODGES, Esq., and Dr. BAIRD, were appointed Auditors for 1842.

The thanks of the Meeting were then voted to the Chairman, Dr. FERGUSSON.

The Minutes of the Special Committee appointed at the last Annual General Meeting were then read and confirmed. It appearing that no suggestions had been offered by any Member of the Society for the consideration of the Committee; and it also appearing that the working of the Society's last Regulations is favourable, and for the most part satisfactory, the Special Committee only suggested the following Resolutions: viz.

- 1st. That the ages of applicants be limited to eighteen for females, and twenty-one for males, unless under circumstances to be specially reported to the General Meeting by the Committee.
- 2nd. That the proceedings of the Society should be transmitted at the expense of the Society to every Subscriber, and as far as possible to every member of the Army Medical Department generally.

At this Meeting IT WAS RESOLVED, AND CARRIED UNANIMOUSLY—That Sir CHARLES MANSFIELD CLARKE, Bart. be appointed President of the Society, vice THEODORE GORDON, Esq., deceased; and that Sir JAMES FELLOWES, Inspector General of Hospitals, be appointed a Vice-President in the room of Sir C. M. CLARKE. It was also resolved—That an additional Trustee be appointed, namely, GEORGE JAMES GUTHRIE, Esq., Deputy Inspector General of Hospitals, vice THEODORE GORDON, Esq., deceased; and Dr. JOHN CLARK, Deputy Inspector General, as an additional Trustee.

The following Gentlemen were elected Members of the Committee, in lieu of two going out by rotation, viz. GEORGE GREGORY, M.D., and Dr. DANIEL MACLACHLAN; and Dr. BAIRD, and F. M. BASSANO, Esq. were appointed Auditors for 1843. The thanks of the Meeting were then voted to the Chairman, JOHN WARREN, Esq.

Table with multiple columns and rows, containing faint text and numbers. The text is mostly illegible due to fading and bleed-through from the reverse side of the page. The table appears to be a ledger or account book with columns for descriptions, quantities, and monetary values.

Additional text at the bottom of the page, including a signature and possibly a date or reference number. The text is very faint and difficult to read.

REPORT OF THE STATE OF THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY.

Read before the Thirty-fourth Annual General Meeting at the Thatched House Tavern, St. James's Street,

ON TUESDAY, THE 15TH DAY OF MAY, 1855,

Sir JAMES McGRIGOR, Bart., K.C.B., in the Chair.

Statement of the Receipts and Expenditure from the 1st of January, 1854, to the 31st of December, 1854.

Table with columns Dr. and Cr. showing financial details for 1854, including balance, donations, subscriptions, and interest.

We certify that we have carefully examined this Account for 1854, and that we have reason to believe the same correct.—The Vouchers have been produced for the Expenditure, in accordance with the votes granted to the Individuals at the General Meeting in May, 1854.

(Signed) JOHN BAIRD, Staff Surgeon, } Auditors, J. HARRINGTON, Parveyor, } 25th April, 1855.

A List of Applications in the present year, viz. 1855, was then brought before the Meeting; and each case having been separately considered, it was resolved, That the Meeting approve and confirm the proposed distribution of £456. recommended by the Committee of Management, among the following Applicants, viz.

Table listing applications for 1855, numbered 1 to 61, with names and amounts, including 'The Widow and Orphans of Dep. Insp. General Sweeny' and others.

DONATIONS RECEIVED SINCE LAST ANNUAL MEETING OF FIVE POUNDS AND UPWARDS.

Table listing donors such as Sir Charles Mansfield Clarke, Bart., President, and Geo. Jas. Guthrie, Esq., F.R.S., Trustee.

It was resolved that the thanks of the Meeting be given to the respective Donors.

The Secretary having reported that by the rules of the Society, the two Senior Members on the list of the Committee retire by rotation, viz. GEORGE GULLIVER, Esq., Surgeon Royal Horse Guards, and JOSEPH HARRINGTON, Esq., Parveyor to the Forces, it was resolved that they be re-elected; and that W. H. JUDD, Esq. and F. M. BASSANO, Esq. be appointed Auditors.

The thanks of the Meeting were then presented to the Chairman, Sir James McGRIGOR, and the Meeting separated.

THIS SOCIETY WAS INSTITUTED IN MAY, 1820.

BUILDING FUND.

On the 22nd May, 1858, at the Annual Meeting of the Officers of the Medical Department of the Army, a Report was read, signed by the Chairman of the Building Fund Committee, Sir ANDREW SMITH, K.C.B., in which it was stated, that the object of erecting a Building in London, for the purposes of the Museum and Library now at Chatham, was superseded by subsequent measures of the Government; and that consequently it was expedient that the sums of money collected for this purpose during the last twenty years, should be refunded to the respective donors. This proposition having been approved, the following Medical Officers present were appointed a Committee, with full powers to carry out this resolution, viz.:-

- W. H. JUDD, Esq. SURGEON MAJOR,
 DR. WILLIAM CARSON, SURGEON MAJOR,
 THOMAS GEORGE FITZGERALD, Esq. STAFF SURGEON.

During the last twelve months this Committee met with much hindrance and delay in making these repayments; so many officers having been dead for some years past, and others distributed in all directions abroad, no less than 107 claims still remain unsettled, but are in course of payment. In prosecuting this tedious undertaking, the Committee had the satisfaction of receiving from the following Medical Officers instructions to hand over to the Trustees of the "BENEVOLENT FUND" their respective donations:-

Donations remitted by the Museum Building Fund Committee, from Medical Officers and others, who waived their claims to the refund of their Subscriptions for this object, in favor of the Orphans of the Benevolent Fund of the Army Medical Department, and included in the Cash Account to December, 1858.

At the Annual Meeting on the 21st May last, the Refund Committee made their final Report, in which they stated that, after a careful audit, it was ascertained that the total amount of the Collections for the "BUILDING FUND" was £2369 7s. 8d., that they had paid back to the several donors £1184 6s. 6d., and that after deducting all necessary expenses they had a balance in the Banker's hands amounting to £981 13s. 10d., out of which a sum not less than £465 would be required to meet the outstanding claims, and as the period of their appointment had terminated they recommended to the Meeting that the said balance should be handed over to the Trustees and Committee of the "BENEVOLENT FUND," with the view of completing the repayments, and appropriating such final balance as may remain to the purposes of the charitable Institution, viz: "THE BENEVOLENT SOCIETY FOR ORPHANS OF ARMY MEDICAL OFFICERS," over which they so efficiently presided.

The Meeting having approved the Report, the President of the Society, Dr. JOSEPH SKEL, Inspector General, and two of the Trustees, Sir JOHN HALL, K.C.B., and Dr. ALEXANDER STEWART, Inspector General, being present, expressed their concurrence and adopted the Resolution accordingly, in the clear and expressed understanding that the Refund Committee are absolved from all further duties and responsibility whatsoever.

The following is a List of Contributors, whose subscriptions have not yet been refunded, and the Committee will be obliged by their claims being made known to the Secretary of the "BENEVOLENT FUND," 3, Bedford Place, Russell Square, London, in order that they may be immediately adjusted. In cases of Medical Officers who have died since the date of their Subscriptions, their executors or nearest of kin are requested to prefer the claim, and the Committee will feel obliged by the Secretary being informed the names and addresses of such next of kin, or representatives of the deceased donors, that may be known to any member of the Army Medical Department.

NOTE.—The Donations from Officers amount to £78—that is about one tenth of the total amount distributed annually, and the even of this minute sum, about five-sixths is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who were on the Active List, Subscriptions from which, for the past year, amount to £13 9s. only. Thus while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active List it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

£.557

NOTE.—The Donations from Officers amount to £65 7s.—that is about one tenth of the total amount distributed annually, and if even of this minute sum, about one-third is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who were on the Active List, Subscriptions from which, for the past year, amount to £22 12s. only. Thus while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active List it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable donors by whom the value of the Society was more highly appreciated than it appears to be at present.

N.B.—Any error in the above Lists will be corrected on its being notified to the Secretary.

NOTE.—The Donations from Officers amount to £55 3s.—that is about one tenth of the total amount distributed annually, and that even of this minute sum, about two-third is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who were on the Active List, Subscriptions from which, for the past year, amount to £14 10s. only. Thus while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active List it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

N.B.—Any error in the above Lists will be corrected on its being notified to the Secretary.

NOTE.—The Donations from Officers amount to £51 17s.—that is about one tenth of the total amount distributed annually, and that even of this minute sum, about two-third is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who were on the Active List, Subscriptions from which, for the past year, amount to £15 8s. only. Thus while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active List it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

N.B.—Any error in the above Lists will be corrected on its being notified to the Secretary.

NOTE.—The Donations from Officers amount to £52 5s.—that is about one eleventh of the total amount distributed annually, and that even of this minute sum, about two-third is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who were on the Active List, Subscriptions from which, for the past year, amount to £16 17s. only. Thus while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active List it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

N.B.—Any error in the above Lists will be corrected on its being notified to the Secretary.

NOTE.—The Donations from Officers amount to £45 17s.—that is about one twelfth of the total amount distributed annually, and that even of this minute sum, about two-thirds is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who are on the Active List, Subscriptions from which, for the past year, amount to £14 11s. only. Thus, while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active Lists it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

N.B.—Any error in the above Lists will be corrected on its being notified to the Secretary.

NOTE.—The Donations from Officers amount to £36 5s.—that is about one fifteenth of the total amount distributed annually, and that even of this minute sum, about three-fourths is derived from Officers retired from the Service whose Orphans are not likely to derive much benefit from the Fund—while the great mass of those who receive assistance are Orphans of Officers who are on the Active List, Subscriptions from which, for the past year, amount to £10 5s. only. Thus, while the importance of assisting in the education and first start in life of the Orphans afforded by the Society is undoubted, it does not receive that support from Medical Officers on the Active Lists it urgently needs. The Funds available for distribution among the Orphans of former companions and friends, left in necessitous circumstances, are not only inadequate to meet existing demands, but are mainly drawn from the interest accruing on the funded contributions of a former body of charitable men by whom the value of the Society was more highly appreciated than it appears to be at present.

It is deemed advisable to explain that the Committee, when engaged in settling the amount of relief to be recommended for each family for the sanction of the Annual General Meeting, has always before it a detailed statement of the income of the family from all sources, and of the names and ages of the children; the sums recommended are adopted only after a full consideration of all of these particulars in each case.

The Advertisement in *The Times* convening the Meeting having been read by the Secretary, the Accounts for the year ended 31st December, 1904, were submitted, and were adopted, and ordered to be printed and circulated among the Members of the Society.

The following proposal by the Committee of Management, supported by the joint recommendation of the Sub-Committees of the Army Medical Officers' Benevolent Society and the Royal Army Medical Corps, was submitted to the Meeting and carried unanimously:—

"That the Funds of the Society shall in future be administered by the Committee of the Royal Army Medical Corps Fund, and that the present Committee of Management continue to co-operate with the R.A.M.C. Fund, retiring Members to be replaced by Members of the R.A.M.C. Fund Committee."

Surgeon-General Keogh, M.D., C.B., Director-General, was elected President, and Colonel James was elected Vice-President.

The Committee of Management and Auditors for the year 1905-1906 were appointed.

Thanks were voted to the Trustees, Committee of Management, Auditors, and Chairman of the day, and a special vote of thanks was passed to the Secretary.

THIS SOCIETY WAS INSTITUTED IN MAY, 1820.

London, 27th May, 1905.

Sir,

I am instructed to acquaint you that the Annual General Meeting of the Army Medical Officers' Benevolent Society will be held at the Army Medical Department, 68, Victoria Street, Westminster, on Monday the 19th June at 2 o'clock p.m. when the following proposal by the Committee of Management, will be submitted for the decision of the Meeting, *Viz*

That the Funds of the Society shall in future be administered by the Committee of the Royal Army Medical Corps Fund.

The Meeting of the Army Medical Officers' Friendly Society will take place immediately after the Meeting of the Benevolent Society.

And in accordance with the Resolution passed at the Special General Meeting on the 21st October 1904, the accompanying suggestions made by the Actuary Mr. Andras herewith enclosed, will be submitted, as to making certain alterations in the Rules with the view that such changes might make the Society more acceptable to Officers joining the Service.

The annexed Cash Accounts of Friendly and Benevolent Societies for the year ended 31st December last, together with the Donations recommended by the Committee of the Benevolent Society for the present year will be submitted to the respective Meetings.

The usual Annual Report of both Societies will be forwarded to the Members after the Annual Meetings have taken place.

I have the honour to be,

Sir,

Your most obedient Servant,

Thos. Ligertwood.

Secretary

ARMY MEDICAL OFFICERS' FRIENDLY SOCIETY.

NOTE.—The Railway Stocks are quoted at cost price according to the requirements of the Registrar General.

We certify that we have carefully examined the Accounts of the Society for the year 1904, that we have compared the amounts in the Cash Books with the sums stated against each name in the Register, and have found the same correct. We further certify that we have carefully examined the several items of expenditure charged in this Account, as authorized by the Committee, and having compared them with the Bills, Cheques, and Receipts, we have found them correct. We have also examined the Account Current with the Commissioners for the Reduction of the National Debt, and have found that the sums invested, and the amount withdrawn for the payment of the Half-Yearly Annuities and other Expenses are correct, and the Amount remaining corresponds with the Receipt signed by the Comptroller-General. We have also inspected the Certificates of the Society's various securities in the hands of the Bankers, Sir Charles R. McGrigor, Bart. & Co., and find the same to agree with the last Report of the Society.

—It is deemed advisable to explain that the Committee, when engaged in settling the amount of relief to be recommended for each family for the sanction of the Annual General Meeting, has always before it a detailed statement of the income of the family from all sources, and of the names and ages of the children; the sums recommended are adopted only after a full consideration of all of these particulars in each case.

The Advertisement in *The Times* convening the Meeting having been read by the Secretary, the Accounts for the year ended 31st December, 1905, submitted, and were adopted, and ordered to be printed and circulated among the Members of the Society.

The Committee of Management and Auditors for the year 1906-1907 were appointed.

Thanks were voted to the Trustees, Committee of Management, Auditors, and Chairman of the day.

SIR
 Retired Div.

16 St. Leonards Terrace
Royal Hospital,
Chelsea, S.W.
London, 26th May, 1906.

Sir,

I am instructed to acquaint you that the Annual General Meeting of the Army Medical Officers' Benevolent Society will be held at the Royal United Service Institution, Whitehall, Westminster, on Monday the 18th June, at 2 o'clock p.m., and that of the Friendly Society, at 2.30 o'clock.

The annexed Cash Accounts of Friendly and Benevolent Societies for the year ended 31st December last, together with the Donations recommended by the Committee of the Benevolent Society for the present year will be submitted to the respective Meetings.

The usual Annual Reports of both Societies will be forwarded to the Members after the Annual Meetings have taken place.

I have the honour to be,

Sir,

Your most obedient Servant,

Thos. Ligertwood,

Secretary.

NOTE.—The Railway Stock and Consols are quoted at Cost price according to the requirements of the Registrar General.

We certify that we have carefully examined the Accounts of the Society for the year 1905, that we have compared the amounts in the Cash Books with the sums stated against each name in the Register, and have found the same correct.

We further certify that we have carefully examined the several items of expenditure charged in this Account, as authorized by the Committee, and having compared them with the Bills, Cheques, and Receipts, we have found them correct. We have also examined the Account Current with the Commissioners for the Reduction of the National Debt, and have found that the sums invested, and the amounts withdrawn for the payment of the Half-Yearly Annuities and other Expenses are correct, and the Amount remaining corresponds with the Receipt signed by the Comptroller-General. We have also examined the Certificates of the Society's various Securities in the hands of the Bankers, Sir Charles R. McGrigor, Bart., & Co., and find the same to agree with the last Report of the Society.

"
Copy of Letter from Royal Army Medical Corps Fund
Committee".

68 Victoria Street, S.W.

24 October, 1904.

Dear Col. Leggettwood,

The Royal Army Medical Corps Fund
Committee at its 14th Meeting, on Tuesday last, passed the
following minute:-

9. At the Second General Meeting the Director General
made some observations on the neglected condition of the
Benevolent Fund, whereupon Colonel Trevor proposed
that the R. A. M. C. Fund Committee should consider the
possibility of coming to the assistance of the Benevolent
Fund, and should report thereon at the next General Meeting
of the R. A. M. C. Fund. Surg⁻General Luffe, one of the
Auditors of the Benevolent Fund, pointed out that
that Fund was not in a position to deal with all the
cases of distress brought before it, and it was possible
that the R. A. M. C. Fund might be able to put new life
into that Fund. Lieut. Colonel Trevor's proposal,
seconded by Lieut. Colonel Babbie, V.C. was carried unani-
mously.

The Committee now considered what steps should
be taken to give effect to the above resolution and agreed
that the Committee of the Benevolent Fund should be
invited to confer with a sub-committee of the R. A. M. C. Fund
with a view to ascertaining precisely how the question
stands and if necessary considering what suggestions it
might be advisable to lay before the Corps at the next
General Meeting of the R. A. M. C. Fund. The following
officers consented to act as a sub-committee for this
purpose:-

purpose: -

Surgeon General Keogh.
Colonel Sloggett.
Lieut Colonel Firth.

Might I ask if you would obtain the views
of your Committee for the Benevolent Fund
on this subject, and would you kindly
communicate with me their decision.

Yours sincerely,

signed,

B. Skinner,

Lieut Colonel,

Hon. Secretary.
