To
The Officer in charge
of Historical Medical
Museum

London.

Sir

I have been asked
by Mr Rose of Sialkot
to send you the skull
of a woman - a native
of Muzaffargarh District
in Punjab. aged 25 years
retaining the flattening
of the back of the

head which the people
of this part of Punjab
always practice in
the very infancy.

This flattening of the
head is very common
both amongst males
& females. This
artificial head compression is
marked in the skull.
Yours faithfully
