Hmm

21 October 1913.

Dear Sir,

Many thanks for your kind letter enclosing the curious photographs of the case you mention. I shall be very pleased to keep them and place them with other similar prints we have in the Historical Medical Museum. The account of the case is very interesting.

Please accept my cordial thanks for your letter of appreciation and for your assistance.

Faithfully yours,

BST

Dear Sir

I beg to thank you for
your letter, also for the pamphlet
giving particulars of the opening of
the Historical Medical Museum
by Dr. Norman Moore, and in
addition for the kind invitation
card to inspect the museum.
I regret very much I have
nothing of any real interest to
send you. I have had however

in my possession for about 23-
years. The enclosed 3 photos,
taken by myself, of a case of
Siamese Twins. The little
ones lived about half
an hour. It is interesting
from the fact that the Father
of the children was uncle
of the mother: The mother had
come as a little girl to help
keep house for her uncle, &
remained on till she grew

up = Her uncle seduced her
& she gave birth to a
deafly child; Later on
both parents went to
America, & returned
here as man & wife, and
have lived as such ever
since: A part from this
abortion, the rest of the
family (9 in all.) are
strong & healthy or

well formed. If these
photos are of any use
you are most welcome
to them: If not we
can return them & use
at your convenience. I
attended the mother at this
birth:

Yours faithfully,

John Patterson
