Dental

Hmm

19 December 1913.

Dear Sir,

I have pleasure in enclosing you a cheque for 35/- for the bone dentures. Kindly acknowledge the receipt of same on the enclosed form.

I communicated with Dr. Hood who asked me to try and obtain a copy of the print for him, and heard from him this morning that he already has one. I am sorry for this, but thank you for allowing me to see it.

Faithfully yours,

E. T.

Dear Sir,

With reference to the five dental pieces which you kindly sent for our inspection on Monday last, I am sorry we cannot see our way to give the price asked, but if you are willing to accept an offer of 35/- for them, we should be glad to have them. On hearing from you that this is agreeable, I will forward you a cheque at once.

With respect to the engraving of the 'Men of Science', your messenger would tell you that we already have two copies of this in the Museum, but I know of a medical man who did require a copy of the engraving, and I have written to him to know if he still wishes to have one. Directly I receive his reply, I will communicate with you and send his address, as I think no doubt you would find him a purchaser.

Thanking you for the trouble you have taken in the matter,

I am,

Faithfully yours,

C. I.

Dear Sir, I thank you for
Cheque £22.0, & beg to enclose receipt.

I will put some things together
& send them on to you for approval.

If you will telephone me next
week, any day after Tuesday, what
day I may call at 2 o'clock to

look at your treasures I shall
be glad. I do a great deal of
writing, & may have the opportunity
some time to say a word about
your collections. I suppose if the
occasion came, I could have
some blacks for illustration?

Yours truly,

Dear Sirs, the instruments sent to
you came from Dr O'Hearn of Simla, ~~then~~
purchased from his relations. He used
the forceps (Everard's) & other dental insts
on Abdur Rahman the Amir of Affgha-
nisthan at Cabul some 30 years ago.
You will observe they are gilt & rare

unique Specimens of Edward's work are
about 40 years old. Both Edward & Emma
have gone over to the majority long
ago. The two Copper Gas Bottles I
will send in the morning. They were
suggested by the Duke Dr. Evans of
Paris who helped the Empress Eugenie
to escape from the Communists or
Republicans. Date of these N_2 Gas
Bottles circa 1867, they are the first
attempt at modern storage of Gas
