Bonardub,  
Coldingham, Berwickshire.

Dear Madam,

I desire to thank you for your kind letter of the 8th inst., and take this opportunity of thanking you very cordially for your kindness in lending to the Historical Medical Museum the relics of your distinguished father.

We are very anxious to preserve in the Museum the relics of the great discoverers and pioneers in medicine and the allied sciences; we already have those of Dr. Edward Jenner, also many of Sir James Paget and Dr. Richard Quain. If you could kindly let us have something connected with your father on permanent loan, we should much appreciate your kindness.

I may say that the greatest interest has been taken by visitors in the objects you so kindly lent and also in those lent by Sir Alexander Simpson of Edinburgh.

Again thanking you,

I am,

Yours very truly,

May 2. 1905

Madam,

Miss Jane Hay, of The Rect, St. Abbe, has kindly sent me your address, and informs me that you might have some relics of interest that belonged to the late Sir James Simpson, which you might be willing to loan for my forthcoming historical medical exhibition.

I need hardly say that any relics connected with your famous father would be highly esteemed. Every possible care would be taken of them, and they would be returned to you at the close of the exhibition.

Awaiting the favour of your reply,

I am,

Yours very truly,

Miss Eva Simpson,  
Bonarab,  
Coldingham,  
Berirchs.
