We have received your return of goods, in which you are keeping 4 pieces at the sum of 235 M. for which you ask me to take 190 M.; that is rather too large an order.

To cut the matter short I would let you have them for 220 M. and await your confirmation.

These pendants are no longer common. etc. Josef Grüger

Dear Sir,

We desire to acknowledge with thanks the receipt of the objects we purchased from you which have come to hand safely today.

You kindly promised to send us a written guarantee concerning the chastity belt and the name of the collection from which it was purchased. We should be glad if you would be so good as to let us have this.

As to the Roman bronze charms which our assistant spoke to me about, we should like to see the three/phallic charms, number 17090 - 91, etc., that you have, also the lot containing the small figure of a man. If you would care to send these to us by registered post for inspection we would give the question of their purchase early consideration. We could, however, do nothing without seeing them. We hope you will advise us of any objects of medical or surgical interest you may meet with.
