Dear Sir,

In reply to your letter to hand, I have pleasure
in enclosing you herewith just a list of the contents of our
Case of Medical Curios. Detailed descriptions of the various
objects are of course supplied with the Exhibit, but I think
you will see from the list I send just the nature of the
articles.

Yours very faithfully,

Dear Sir,

I desire to thank you for your kind letter of the 24th inst., and for taking so much trouble on my behalf in connection with the Historical Medical Exhibition.

I note with pleasure that you will be able to loan me some native instruments and other objects of interest. If you will kindly send me a list of the objects the Society possesses, I shall be able to select those of which I have not already duplicates promised.

Thanking you very cordially in anticipation,

I am,

Yours very truly,

S. H. Wellcome, Esq.,

LONDON. E.C.

My dear Sir,

Your letter of May 15th addressed to Dr. Moorshead has been passed to me, as my Department has the charge of a case of Medical Exhibits. It consists of native instruments, used by Chinese doctors, and also a number of their medicines. I do not know whether these things would be of use to you for your Exhibition. If so, our Society, which has received so much courtesy from your firm in days gone by, will be most glad to loan these exhibits to you.

I have written out to some of our doctors on the Field for them to endeavour to obtain some more of these instruments, as they are now becoming somewhat rare, and it is possible I may receive them before next year. At any rate, I shall be glad to loan you anything we have. I can send you a list of the things, if you think what we have will suit you. I do not think that they are very ancient, but they have been regularly in use by Chinese doctors up to the last year or two.

I am,

Yours sincerely,

J. R. M. Stephens
