Dear Sir,

After looking through the catalogue I have made a rough classification and think that with your kind help we can have several very interesting articles on the Museum, divided into the following:-
(1) Early Instruments; (2) Early Operations; (3) Midwifery; (4) Native Fetishes, etc.; (5) Miss Nightingale and nursing matters.

We hope to send a representative to see you shortly and shall be grateful for any help you can give.

Yours faithfully,

M. Edita

Dear Sir,

I am much interested in your proposed exhibition, and I hope you will let me have all further news, and ^{press}~~prices~~ of tickets in due course. Meantime I send you herewith a copy of one of our earlier issues which contains an article unearthed at the British Museum and I believe new to English readers. This article was written by a German doctor in 1811, and it as you will see anticipates, by nearly half a century, the reforms inaugurated by Miss Nightingale.

If you can make any use of this in your nursing section, I shall be very pleased.

Yours faithfully,

The Editor
