ROGERS, REV. EDGAR

'07/'09

Snow Hill Buildings.

7th January, 1909.

Dear Sir,

Referring to your letter of the 14th July re your old lead cistern which you kindly showed me, Mr Henry S. Wellcome, who is at present abroad, has requested me to write to you stating his regret that he has been unable to call and see it as he intended. He is afraid that such an object would be of very little use to him unless you are open to dispose of it at a nominal price. I shall be glad to know the lowest amount that you would accept for the same, and will submit it to him.

Faithfully yours,

(signed) C.J.S.T.

C. T. Speck to Mr W.

Dear Sir,

Some time ago I wrote
to you in reference to an antique
lead tank and your Secretary
informed me that you would be
able to look at it during May
but I have heard nothing further
since that time.

I observe that an
18th century leaden tank of the same
type has lately been placed in
the Guildhall. This is dated
1730. & mine is 1698.

you will see my tank is
therefore of very real interest.
May I ask if you have an
opportunity of seeing it soon.

Yours faithfully
Eugene Rogers

Dear Sir,

With reference to the old lead cistern which you allowed me to inspect on Mr. Wellcome's behalf, I have laid the matter before him, and have now received his reply, in which he states that he hopes to be able to call upon you and examine the cistern himself on his return to England, which will probably be some time in May.

Yours faithfully,

The Rev. E. Rogers,

February 25th, 1908.

Dear Sir,

Mr. H. S. Wellcome, who is at present travelling abroad, has handed me a letter he received from you in November last, referring to a very old lead cistern, which, I understand, you have in your house.

Mr. Wellcome regrets that he was unable to call and see it before he left Engl but if you will kindly allow me to inspect it on his behalf I shall be greatly obliged.

I may say that any afternoon betwe two and two-thirty will suit me, if convenient for you. Perhaps you will kindly let me know

I am,

Faithfully yours,

Dear sir,

I understand that you are interested in the collection of all sorts of curios and antiquities. I have a very interesting old lead cistern, which was put into this house in the year 1698 and is well worked and dated. It is in an excellent state of preservation; and I believe almost unique of this century. I would gladly shew it to you at any time to suit your convenience; and I should prefer it to pass to a private collector rather than a dealer.

Yours faithfully,

Edgar Rogers.

Vicar.
