BROWN, CECIL

1913

Heuer

4 November 1913.

Dear Sir,

Many thanks for the four medals duly to hand for the Museum. I have pleasure in enclosing you a cheque for Three Pounds ten shillings for the same. Will you kindly sign the enclosed receipt and return to me.

If you have not destroyed your original model for the medal, is it possible for us to have a plaster cast made of it, full size, if it is anything about 12" by 12", as we should much like to have a medallion of this kind for the Historical Medical Museum. Will you kindly let me know as early as possible?

Faithfully yours,

Dear Sir,

I desire to thank you for your letter just to hand re medals. Will you please have a pair (large size) done in bronze, and a pair (large size) done in oxidised silver, the latter for £2. as quoted.

Dear Sir,

I regret the delay in replying to your kind letter owing to absence from town.

With reference to the enlarged medals of the International Congress of Medicine, the two need not be hall-marked silver for our purpose, but we should like them done in copper with oxidized silver surface.

Will you kindly get me a quotation for these, and I will write you again so that the matter can be put in hand.

Faithfully yours,

Cecil Brown Esq.,

Dear Sir

The price quoted for the medals
was for hall marked silver medals. Of
course copper with oxidized silver surface
would not cost half as much and would
look just as well

16 August 1913.

Dear Sir,

Dr. Herringham, Secretary of the International Congress of Medicine, has given us permission to have two of the large Congress medals in bronze and two large ones in oxidized silver cast for this Museum. The size required would be that of the medals made for special presentation.

I should be glad if you would let me know what this would cost.

Thanking you in anticipation,

I am,

Faithfully yours,

Curator.
