# Translation of letter to Dr. Plugk, 21st August 1913.

Dear Sir,

I desire to thank you for your kind letter of the 15th inst. and for sending me the three pairs of eye-glasses and the interesting information. Although I should be very pleased to exchange duplicates with you, I am afraid I have no duplicates of spectacles I can part with at the present time. With reference to the two old pairs of collapsible Chinese spectacles these are by no means the same, as they vary in several particulars. I shall be unable to let you have either of these pairs in exchange for the glasses you have been kind enough to send me. I am therefore returning the same to you and trust they will reach you safely. Any time I have duplicates I shall be pleased to communicate with you with a view to effecting an exchange as you suggest.

You kindly promised to let us know about the ivory model of the eye for teaching purposes. If you can give me any particulars of this, I shall be

greatly obliged.

Again thanking you for your kind appreciation of the Museum,
I am,
Faithfully yours,

Hugenarzt Prof. Dr. v.Pflugk Bauhner Str. 25,11.
