CORNEY, DR. B. GLANVILL.

'13/'15

H.M.M.

18 December 1915.

Dear Dr. Corney,

On behalf of Mr. Wellcome I desire to thank you very cordially for so kindly presenting the photograph of the remarkable dolerite bowl for the Museum. From the detailed description you have been good enough to send us it is a most interesting object, and we regard the photograph as a valuable addition to our collection.

Again thanking you,

Faithfully yours,

C.J.S.T.

To Royal Geographical Society
Kensington Gore S.W.

25th. Nov. 1915.

Dear Sir,

I have particular pleasure in presenting
to your Museum a photograph of the very
remarkable dolerite howl described in the
*enclosed note. I have gathered the history of
this howl from original documents, one of
them the diary kept by the Mascimo Rodrigue-
quez mentioned in the note, of which only one
copy is known to exist. This I am at work
upon, as time allows, and it is intended to
form, when translated and annotated, the
third and concluding volume of my work
"The Quest and Occupation of Tahiti by
Envoies of Spain during the years 1772-6."

The

* Not with
copies present
add

The Ist. and IInd. volumes of this have
already been published by the Haldenby
Society; and everything that is known about
this bowl will be set forth in the IIIrd.

I beg to subscribe myself, Sir
Yours very truly

Bolton Granville Corney.

Henry Wellcome Esq.

Ch The Curator

The "Wellcome" Museum of Historical Medicine
London.

Corney (G.)

H. H. H.

11 March 1914.

Dear Sir,

I much regret that we forwarded your letter to Fiji, but we had not got your permanent address in London.

It is with great pleasure we learn that you have kindly consented to present to the permanent Wellcome Historical Medical Museum the objects which you were good enough to lend us. They will form a valuable addition to our Section of Primitive Medicine.

Again thanking you very cordially for your kindness,

I am,

Faithfully yours,

GT

Dr. B. Glanville Corney,

Barney

Whitehead Palace

10th July 1913.

Dear Sir,

I desire to thank you very cordially for so kindly sending me the copy of your paper on "Mutilations", which I have perused with much interest. I am very pleased to have it to place in our Library.

Have you any drawing or photograph of the operations described or any of the instruments used in the procedure? It would be very interesting to have such.

Again thanking you very heartily for your kindness and the interest you have taken in the matter,

I am,

Yours very truly,

Dr. B. Glanvill Corney,
19, Abingdon Court,
Kensington, W.

Primary

19. ABINGDON COURT,

KENSINGTON, W.

9th March 1914.

Dear Sir,

Your letter to me of
November 13th, addressed to
Fiji, reached me by post
this morning, having
been delivered there and
returned to me by the
Matron of the Colonial
Hospital - hence the delay

19. Abingdon Court,
W. Kensington, W. in replying to
it, for which I am exceedingly
sorry.

If you consider the
small specimens I contribut-
ed to the Historical Mus-
eum of sufficient interest
to usefully form a
permanent exhibit in the
collection, I am sure it
will give me much

pleasure that you should
retain them for that pur-
pose - and, for my part,
no question of money
value arises, for they cost
me nothing of that kind
to gather together!

I am, dear Sir,

Faithfully yours,

B. Hauvill Coney

(Formerly Chief Med. Off. - Fiji).

19, BELDEN COURT,

KENSINGTON, W.

11 July 1913.

H. S. W. Williams

Dear Sir,

In reply to your question in your letter of yesterday, I may say that I have no photographs of the mutilations referred to in the paper; but I believe there are examples of the wethral staff or bougie of lasi wood,

and of the shell lancets used
for making the incision, and
of bamboo scalpels used in
default of shells, in your
Museum. I sent some
home for exhibition there
in 1907 or thereabouts; and
I gathered from Professor
Keith that he had also lent
a set of them that I gave
him for the Hunterian
collection.

Thanking you for your

courtesy and interest,

I am,

Faithfully yours,

B. Hauvill Cornely

19, ABINGDON COURT,

KENSINGTON, W.

9 July 1913.

My dear Sir,

I enclose a very
battered copy of the few
remarks I wrote - now more
than twenty-years ago - on
the Fijian surgical procedure
called copalosi (as spelt in
the native script) but pronounced
Thopa losi. I have another
(similarly climate-worn) copy

by me, so that ~~of~~ you
care to keep the one en-
closed may do so.

very truly yours,

B. Stanwill Corney
