Yours of 9 Oct^r last I received which gave me much
 pleasure to hear of your welfare, & that of your family as you inform
 me that Two of your sons are married since my last, & I hope it will
 prove satisfactory to all parties & it also gives me further pleasure to
 hear that you have made a purchase of a plantation adjoining to
 your present habitation, in yours you informed ^{me} that you & your
 sons had but one gun, & therefore desired I would send you 2 or 3 upon
^{ship} ~~I had~~ had 2 neat plain & strong ones made ^{of that} ~~which~~ comes to 50^{but}
 which I fully intended to send, but upon applying to a Captain of
 a ship to carry them, to my great surprize I found they are prohibited
 goods, & the Captain would by no means take them on board nor
 run any risk ^{in that critical juncture} ~~and~~ which you may enquire of Cap^m Faulkner, ^{to whom I applied} by some of
 your friends at Philadelphia whilst he stays there, - If I can find any
 method here of conveying ^{them} to you I will, but ~~in the mean time~~ ^{or} if
 you ^{know} ~~hear of any~~ ^{gent^l} coming from Philadelphia to London that
 intends ~~returning back~~ ^{perhaps to see my friends} ~~please to send me a line~~ & I will send them,
 & you may assure your self that I am heartily sorry that I cannot
 with safety send them at this opportunity I heard from Ireland
 a few days since and all friends there ~~are well~~ and here as well
 my^r North & family joins in Compliments to you & yours & I am

RAME 632/5

Royal Victoria Hospital,
Netley, Southampton.

2nd April 1872.

Sir.

I have to report for your information that the door lock in my room (C. B. H) is in such a state of disorder that last Saturday night myself with two other medical candidates was shut in without the chance of getting out of the room.

As it was time to retire ^{then} my fellow candidates with the assistance of some of the staffs had to break open the door to let us out when every attempt to unlock it proved unsuccessful.

I may as well mention, from what I have been given to understand that this lock had been a source of trouble on previous occasions when once the occupant of the room had to jump out of the window to make his escape.

Considering the circumstance that necessitated the damage I hope the expenditure for repair will not be credited to my account.

I have the honor to be
Sir
Your Obedient Servant

Sincerely,

My dear Borchert.

It strikes me that
the easiest & quickest way
about the Gunny Stones,

would be for you to write
a letter to P.M.O. enclosing
copies of previous correspondence
and saying that the
Propos have directed
you to bring the matter
forward with a view

if having a Board to
report alone on the matter.
If this were done the stores
might be altered early in
October whereas by
delaying, it may be the
depth of the winter
before anything is done
& the deprivation of a
fire will be a
serious thing if the
men are obliged still
to occupy the rooms, as

I fear would be the case.

But before you do
anything see Mr. Godrich
ask him if he approves
of this course. If he thinks
it best to adhere to the
plan given in your letter
then we can do so. But
it seems some an
awkward thing to wait
for complaints from the
Candidates when we
are aware that such
complaints are quite

warranted & have in
fact already been made
lines out of mind.

However talk to Mr. Godrich
about it.

What has become of Mr.
Rop' house which I
understood Knapp had
taken?

We are having it very
cold here & I suppose it is
so with you.

My dear Borchert

On Saturday, a
friend of mine Dr.
Glover (of the Saucet)
is going to visit Netley.

As I cannot be there I
have told him to

ask for you - Will you

kindly show him everything

including the candidates

fully understand the
course I made of living
told Curran & prepare
for him & any friend
he may bring with
him a very good

lunchmen & to put it
down duty account.
Curran will take care
of him if you will tell
him Dr. G. Lamer is a
friend of mine.

Do what you can
to make him comfortable
& to make his visit ^{pleasant} ~~pleasant~~
I leave on

Friday for Southwell
via Bristol.

Believe me

Very sincerely yours

My dear Borchert -

Many thanks for
your note.

I have written &
Dr. Finkelstein (whose
letter please send
back (Dine) / I ask
him to postpone
his visit but have

told him that if
he cannot do so
he must ask for
you when he gets to

Hetty Ryan will
show him everything.

Give him rumen

cost - I want him

My dear Bocher-

I have written &
Mr. Todd to say I
cannot give him
the information but
have sent his letter
to you. I dare say

Curran would tell
you what the impor-
tant candidate
is as he has the
drop book & then
if you would
write to Mr. Dodd

I should be obliged.

DEFINITION OF FEAR

In Cambodia, the first women's treaty was the one that gave women the right to work. It was the first step in a series of measures that were taken to improve the status of women in the country. The treaty was signed in 1975, and it was the first of its kind in the world. It was a landmark achievement for women in Cambodia, and it was a testament to the efforts of the women's movement in the country.

Dear Mr. Thomas Crawford,

I am much
honored of your
kind letter of the 3rd.

I shall have much
pleasure in doing as
you are so good as
to propose, and in
being at Nelly's in

the 29th of July at 12.

I have only one
remark which I ought
to make - When I was
asked before to undertake
this honorable & pleasant
duty, I was President of
the Student Court. I
have retired from that
post from want of

health - If you consider
that having ceased to
occupy it, I am not
entitled to this title,
trust me pray frankly
tell me in this private
letter.

I am
Yours truly

DEPARTMENT OF COINS AND MEDALS,
BRITISH MUSEUM,

LONDON: W.C.

2 Oct. 91

Dear Sir,

In answer to your letter of
22nd September and of dividing
of the Director, Dr. Keightley,
am sending in a separate
package two electrotypes
of the coin of Pergamum
to which you may be able to con-
tribute with notes of the coin. The
electrotype is in the Museum
coin - the other from that

in Paris: as Colman is
perfect, the one helps to
replace the other.

I am enclosing a sketch
with which will give some
particulars of the date of
the work.

Yours faithfully
J. H. P. M.
