Dear Sir

I fear I have been around
the printer you paid to me as to
the permanency of the appointment to
the chair at the Medical School
at Chatham.

I propose to off the appointments

to an one office for five years but
with a power of re-appointment.

This enables me a rather by
I suppose to make a change ~~there~~ in
the not impossible mind of a
first rate man turning out a second
rate lecturer. -

I quite agree that when I ask
a gentleman whom I have previously

for the office an already tested a
man to give up a permanent
appointment, he has a right to
stipulate for a more certain
tenure.

Would a five years appointment
with a power of re-appointment meet
your view?

I think the question of leave of

about or rather vacation should
with all other details be arranged
by the Senate. —

The buildings I am told will be
ready in March.
