SIR,

The Secretary of State for War, having had under consideration the question of granting compensation to Officers who were not provided with a free passage for their Horses on the return home of the Army from the East, has decided to allow Thirty Pounds per Horse (exclusive of bāt animals) in lieu of such free passage, and to cover any loss sustained by Staff and Regimental Officers in disposing of their chargers with reference to the General Order issued on the subject dated Headquarters, Sebastopol, 26th April last.

But in order that a general rule may prevail, and also to prevent the delay and inconvenience that would ensue from individual claims being forwarded to this Department unsupported by the necessary documents and certificates, I am directed to request that the following rules may be strictly adhered to:—

Officers of the General Staff to prefer their claims through the Principal Officer of the Department to which they are attached;

*To General and other Officers Commanding,
&c. &c. &c.*

Officers of the Personal Staff, through the General on whose Staff they were employed.

Majors of Brigade, through the General Officer to whose Brigade they were attached ;

Officers of the Medical, Purveying, and other Departments, through their respective Principal Officers ;

Chaplains, Officiating Clergymen, and those who held miscellaneous appointments, through the General to whose Division they were attached ;

Regimental Officers, through the Officers commanding their respective corps.

The General and other Officers to whom the Claims shall be thus sent are requested, after carefully examining them, and satisfying themselves that they are just, to embody them in the accompanying Form, and forward the same in duplicate to this Department, all necessary vouchers being attached, and Certificates duly signed.

Officers commanding Regiments of Cavalry and Infantry, and Corps of the Royal Artillery, &c., are not to include in their Returns any Officers who held Staff Appointments ; and I am to urge the necessity of full details, or, in their absence, of satisfactory explanations, being clearly given in each case, as otherwise delay in the settlement of all the claims submitted on the same Form will be the result.

I am to add, that compensation will be allowed only for the number of Horses (bât horses excepted) for which, "with an Army in the Field," the issue of Forage is warranted by Regulation ; and it must be shown and certified that the Horses were necessarily kept and actually foraged at the public expense within one month prior to the embarkation of the claimants.

It must furthermore be clearly proved, by Certificate from the proper Authorities in the East, who issued the Instructions for the embarkation of Horses, that those for which compensation is claimed were not provided with passages at the expense of Government.

I have the honour to be,

Sir,

Your obedient Servant,

B. HAWES.

I trust you will not have any objection
to signing as I sold my house for half
its value at the end of May, in consequence
of being infirm. That it was very
unlikely indeed, that a passage would

a few days since, that compensation
would be granted to officers in lieu of

 that Messrs Mc Gregor will be able to
 get his signature also, if absolutely
 necessary.

My dear Sir John.

At the time I left the
Cinema. I was in the 71st Regt
I did not leave that Corps
till the 1st of this month.

In accordance with your
suggestion I have this day
written to the Commanding
Officer of that Regt. on the
subject. The 2^d Master General's
Department under whose
directions the Regt embarked
belonged to the Turkish
Contingent. & I had expected
to have traced the proper

Officer to sign the document
through my Agent -

I regret having troubled
you in the matter - but
altho' a Regimental Officer
at the time - I had always
in other matters been obliged
to look more to the P.M.O.
of the station, than to the
Officer commanding my
Regt. & therefore was led
to intrude on you on this
occasion -

I remain my dear
Sir John - very faithfully

23rd November 1856,

Mr,

I delayed thanking you for your
favor of the 31st October, until,
according to your desire, I had
procured the Certificate which I
enclose.

From your promptness in already
affording me information, I presume
upon your kindness once more to
ask your opinion on a different
question. — I served in the
Crimea since the 22nd September
1854, two days after the battle of
the Alma; and, before landing,
I attended the wounded on board
the "Queen" Transport. I was
stationed at Balaklava during
the battle of Inkermann; but
I attended the wounded after the
battle, and was sent in point
charge of the Transport "Hydrey",
the first steamer that left
with the wounded for Scutari.

I did duty at Licutari, on board ship, and with the "17th Fusiliers"; and, without being more than a fortnight absent from duty, on the sick list, I did not leave the Crimea, until the 17th of last June.

The question I therefore, beg to submit, is: whether, as a Medical Officer, whose heaviest duties are after the battle, I am entitled to be recommended for the Interim "Clasp".

Having heard that others, placed
under similar circumstances,
have obtained it, I can ~~then~~
be induced to ~~transgress~~^{trespass} on your
time, in making this application.

I am,
Dear,

Yours most obedient servant
Thomas Mack Riddle

Sir,

I have the honor to request that you
may be pleased to submit this application
(for compensation for two horses for which
passages were not provided from the East)
to the Secretary of State for War - under the
following circumstances:-

On the 12th May 1854 Passage was provided at
the Government Expense for myself & two horses
on board the "Pedestrian" from Liverpool to
Varna - as Assistant Surg. of the 1st Reg. was in
that during the War I was promoted to a
Staff Surgeon of the 2nd Class & still retained &
did keep two horses, exclusive of a Post
animal, until I obtained sick certificate to
England in August 1855 - that I returned
to Scutari in December of the same year, where
I only kept one horse, until the day of my
final embarkation for England (by order)
on the 1st of July 1856 -

In the General Order dated Sebastopol, 26th April
last, officers of my rank were refused a Passage
home for their horses, and which in my case
was particularly hard, having brought two
out from England -

My dear Sir

I have received a letter from Dr. Andrew Smith directing me to send in my claims for loss on my charger to you. He states that you are preparing a list of those who are to be compensated for this loss. I sold one ^{4th} horse at the Mackenzie Bights for about its original cost, & the other which had served me both winters in the Crimea I handed over to a friend for £3 the day I embarked on board the Melbourne for England.

As I have no idea whereabouts to address this letter to you I shall forward it in the first place to Dr. A. Smith and ask him to send it to your present residence.

Sir,

In reply to your enquiry as to
the position held in the East, I beg to forward
you a copy of my appointment to the Army.

With respect to the source from which
I drew forage, I beg to acquaint ^{you} that that
source was the Commissariat, Dispensers of
Medicines being allowed forage in the Crimea
and my arrival being certified to the Commis-
sariat Officer, I continued to draw the same
up to the time of my being ordered home.
I should presume there cannot be a question
as to my right to forage inasmuch as my
appointment gives me the allowance of an
Assistant Surgeon

I have the honor to be

Sir,
I have much pleasure in acquaint-
ing you that you have been appointed a
Dispenser of Medicines to the Army in the East
and request that you will hold yourself in
readiness for instant embarkation

You will receive pay at the rate of
4/6 a day with the allowances of an
Assistant Surgeon commencing from this
date, but you must distinctly understand
that if at the time your services are discontinued
you hold the rank of Dispenser you will not
be entitled to any half pay in consequence
but simply to two months full pay
beyond that period
