Use Make three Boxes

Creasle

Use a three Gallon pail of warm creasle
Take creasle three measures of heat
Each pail called Doctor put that into it
Then take a ounce of white wood of girth
A little water like triackes then add it
to the creasle & stir it well & add in
the Amber copper

Uter. Doe for. Coye

Take a piece of dog's bladder in length
of three inches of breadth for a pail
to make it face of Amber for a pail
to make it with a little French creasle
to prevent it from making you shall use
them & will have

Use Rectified Rastbury & Curran's for Rastbury
Take Economy Rastbury out of water & Symplic from
through a sieve to take the string out & put
every part of it in a pail & a half
of water. Then pour it into a pail & let it
stand for 24 hours. Then pour it out
it over with a cloth. Do your best for
more with Rastbury out of it in a pail

No Make Paste for Pasting

Take of Butter 1 lb Mark it up well so that
All the salt is out after being in water for
the space of some hours. ~~Washing~~ Wash it in
the Juice of Citron. Then add half pint of water
more than up into it. Shake them well & cut them
then put small pieces into the Remains of
of the Butter till it is about the size of Butter
not seem roll it as little as possible
Make Paste by taking Raisins with Prunes
Cakes &c with it

No Make ~~Butter~~ Butter Num. 6. Bake & see

~~Butter~~

Take about three fourths of a pound of about four
the quantity of Milk mix them together & then
form a Ring that is round of Butter & see
of Butter & see of Court for Plum Cakes & see
Make them up into little Balls then break them
but these pieces may be made from what is left
from round with a little from the honey
have on the plate by no being from with it
Break with Milk & put it in with
with them

Sweet Meats. 2nd Ms

Take as much Calves you think you

will use then yorn a Runn them work in 22 lb

of Butter & yorn 1 lb each portion & it needs

to be yorn & yorn 3 lb round & if you like some

portion the King from three Gallon Sale of the side

mark them make these in great care to yorn in

a Doe rather make them work in 22 lb of

of Eggs 10 lb of Sugar. then note the Sugar

if they crack among in they are good if not

had some more Sugar.

Common Unguented. 2nd Ms

Take a quantity of Oil of Turpentine and yorn 1 lb

then yorn 3 lb of the same and yorn 1 lb of

the of yorn & a quantity of a Runn of yorn

of yorn & yorn 3 lb of the same

together then roll them out with the

Roller & work them out with the

Roller then make them off

To Make Mast Cakes

1 lb. 1/2 of the best Cakes, 1 lb. of Butter, 1 lb. of
in the Rock then work it up with eight eggs
then add 1 lb. of grated lump sugar, & 1 lb. of
fine white flour, & 1 ounce measure of yeast
Water then give your hands about half an
hour with your hands, & put it on the top

Common Cake Doe

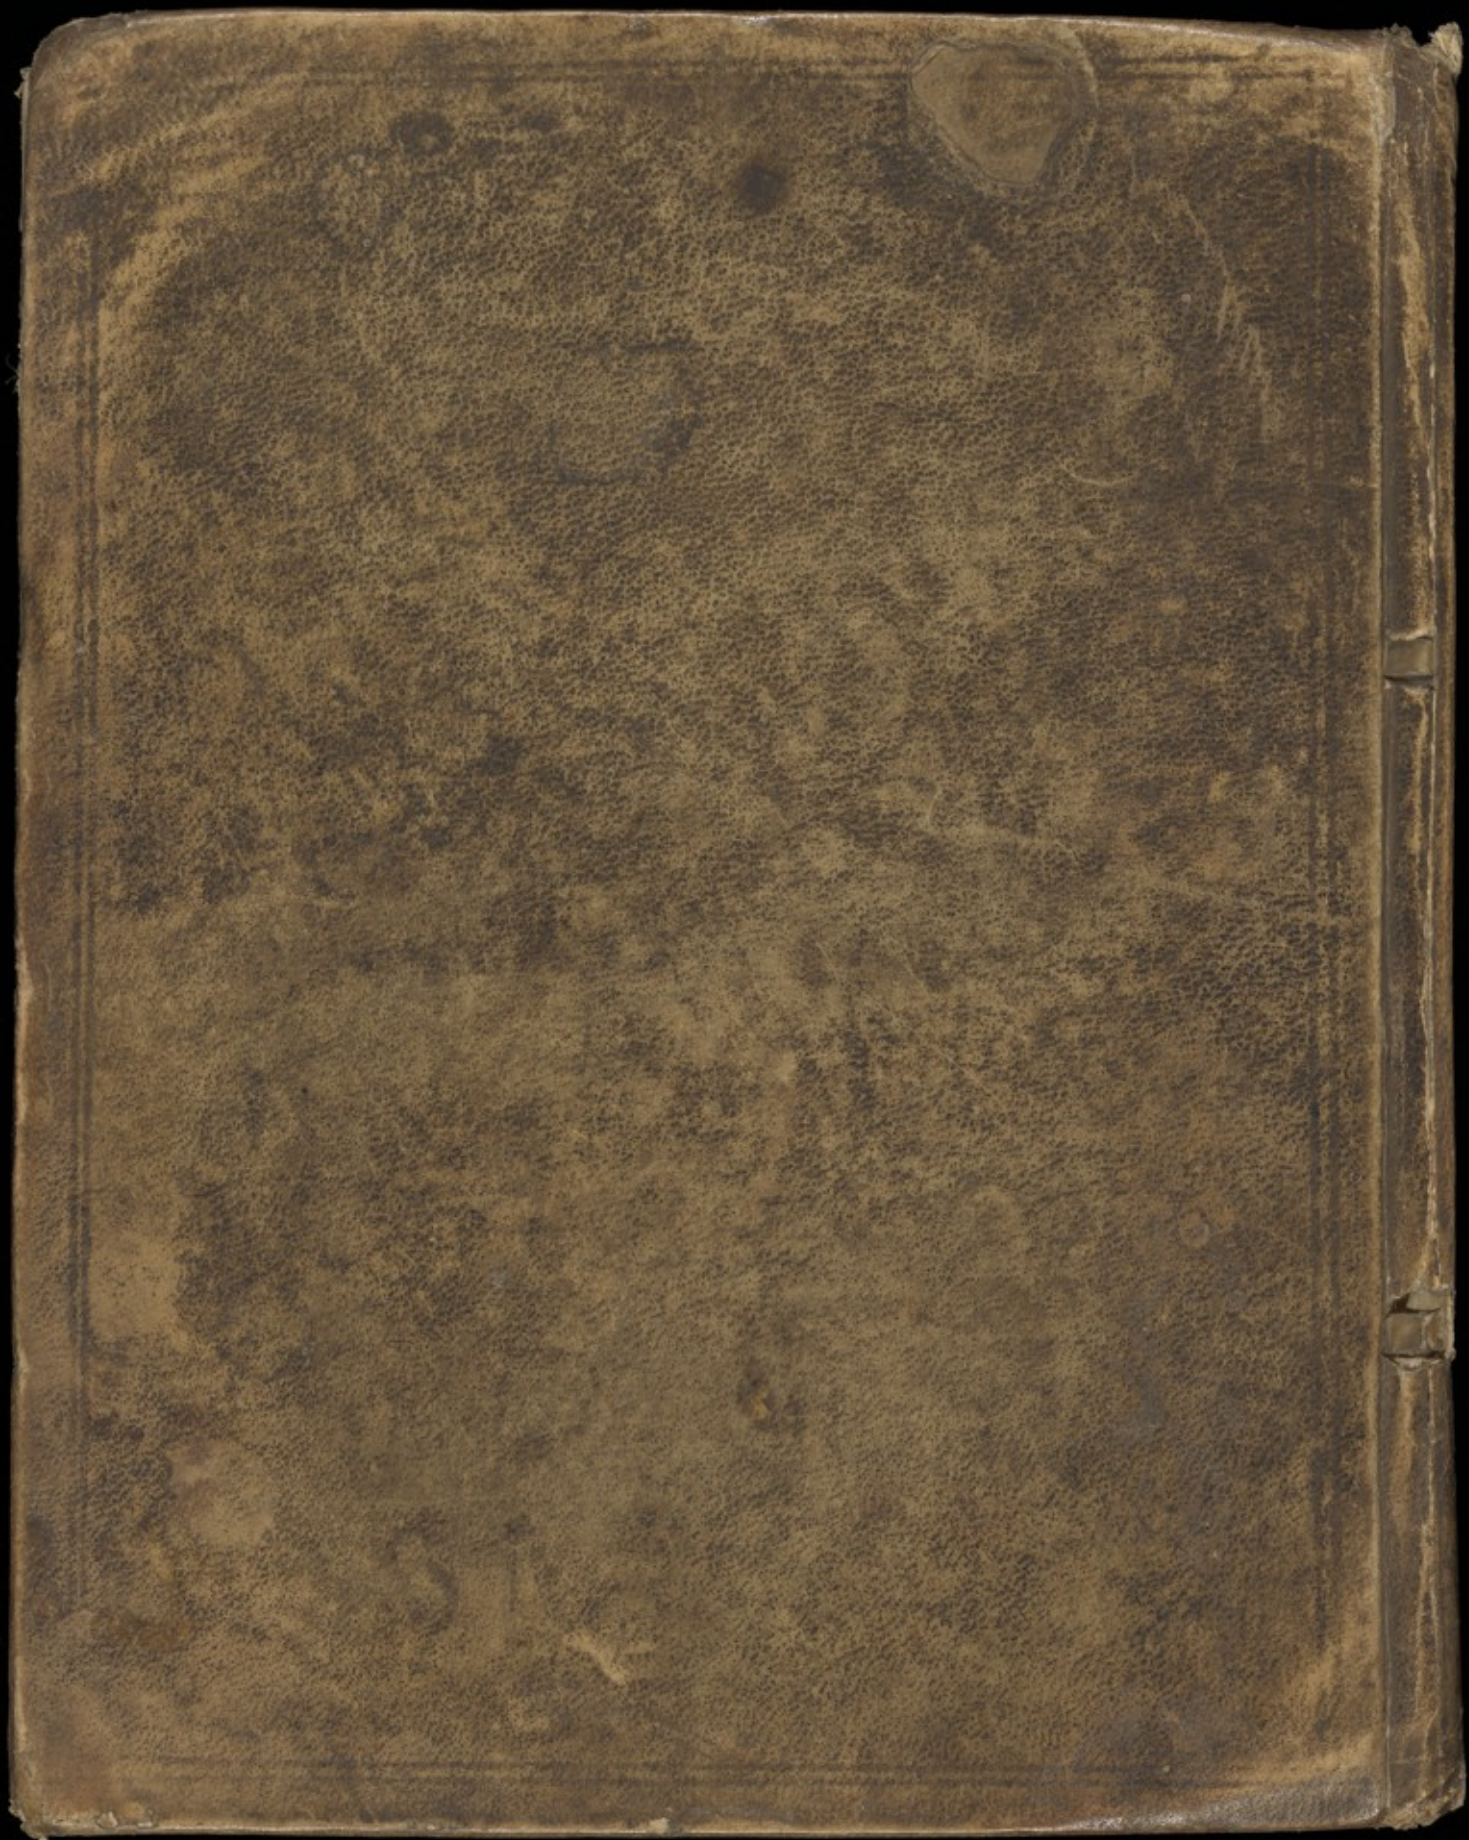

Cake of Ovens & Cakes Mast Milk them
together into a Mass, & work them dry
with one by finishing it into the Dough, & set
baked over it in a strong Iron and some more
Water then try it till it does
