Leo VI, Emperor of the East. XPHΣMOI, Manuscript on Paper, 14 ll. Twenty-five drawings in colour, boards 4to (220 mm. by 158 mm.) c. 1600

** Greek alchemical manuscripts are exceedingly rare. Mr. André Berthelot in his "Rapport sur les Manuscrits Alchiniques de Rome" states that he only found one of any importance in the Vatican Library. Leo VI was surnamed the Wise and the Philosopher, and was a pupil of Photius. Of

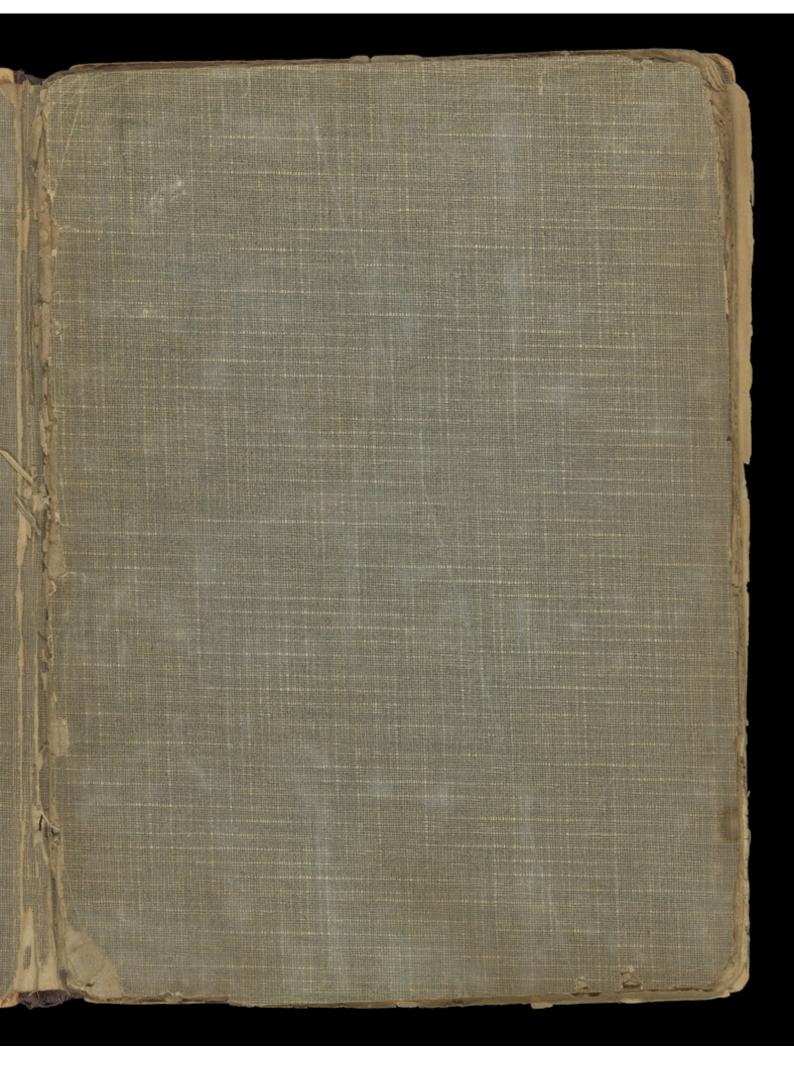

his Χρησμοί or Oracula, Vapereau says: "Prédictions, en vers iambiques, témoignant de sa croyance superstitieuse dans l'astrologie, publiés par J. Rutgers, avec traduction latine (Leyde, 1618, in-4)." The drawings, somewhat roughly executed, are of an Apocalyptic order.

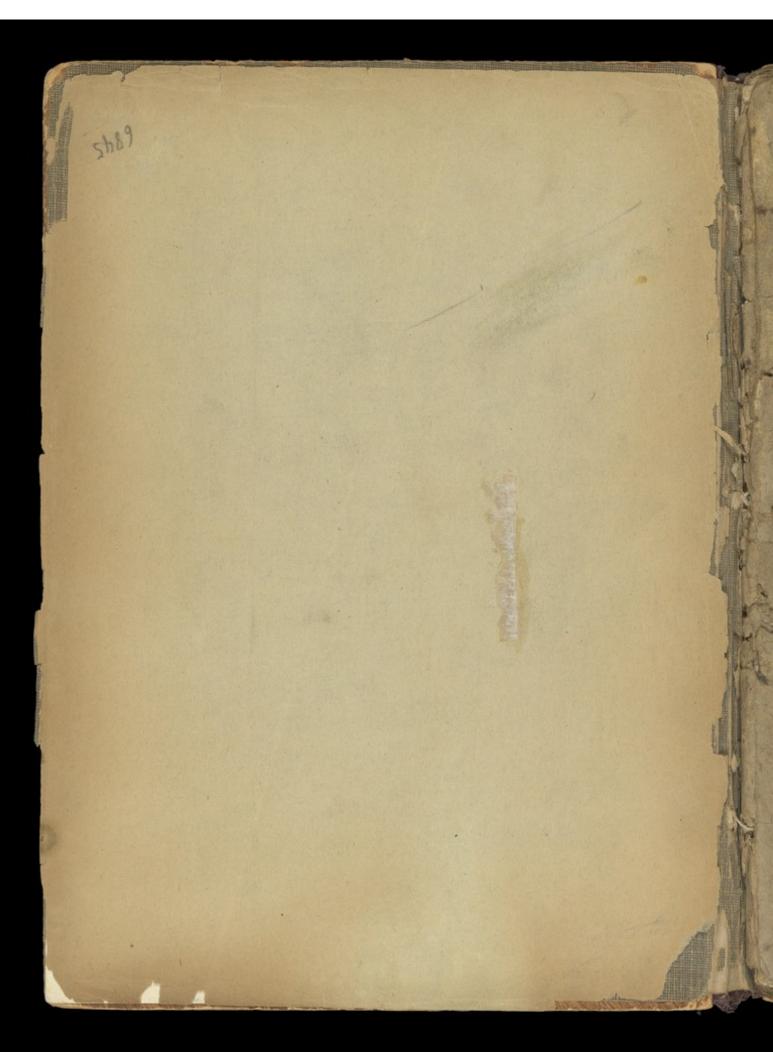

MS. No.413.
