## Midwifery Training

District Training *Manchester & Salford Sick Poor H. Inst. (Bradford Home) entered March 20<sup>th</sup> 1908.*

Result:— *A conscientious, good nurse and a nice woman. Rather slow but thorough, with more experience would do well in a single post.*

Lectures attended:— *Those given in Manchester later.*

Roll examination:— *Marks 35, max: 60. Remarks:— Not a very clear paper, probably may know more than can express, this may also apply to kinds of tone.*

## Other Qualifications and Remarks:—

*Not a cyclist. Enrolled in the Nursing Service of the Territorial Force. (Jan. 1915).*

Work and conduct good, pleasant and agreeable but not an organiser. (Supt.)                                             | July 22. Capable and much interested.                                                                                      |
| Senior Nurse                                           | Silverton      | Oct. 21. 22.  |               |                                                               | Final Report from Assoc. A very good. Health Visitor, but lacking in the teaching qualities essential in County work. Conduct very good. (Supt.) | Dec. 1922. A nice woman, keen, interested and a good house-keeper.                                                         |
|                                                        |                |               |               |                                                               | Jan. 1924. A good house-keeper, maintains a happy atmosphere in the home.                                                                        | Sept. 1923. Keen, interested and a good house-keeper.                                                                      |
|                                                        |                |               |               |                                                               | Feb. 27. 1925. A good senior maintaining a happy atmosphere in the home.                                                                         | Sept. 1925. A good house-keeper.                                                                                           |
|                                                        |                |               |               |                                                               | Nov. 10. 12. 1926. A good house-keeper, but has not taken on any charge of work on the district.                                                 | Nov. 21. 1927. A tactful senior house-keeper and manager.                                                                  |
|                                                        |                |               |               |                                                               | May 22. 1928. Good methods, pleasant to manage the home, but and so a good house-keeper.                                                         | Dec. 21. 1927. A good disinfectant with a pleasant manner.                                                                 |
|                                                        |                |               |               |                                                               | Jan. 7. 1928. A good nurse with up-to-date methods. A good house-keeper.                                                                         | Jan. 20. 1929. A good house-keeper and manager in the home.                                                                |
|                                                        |                |               |               |                                                               |                                                                                                                                                  | July 19. 1928. A keen, capable, methodical worker.                                                                         |
|                                                        |                |               |               | has resigned from Institute.                                  | Final Report from Assoc. An excellent senior nurse and good manager, most conscientious and much liked (from Dec.)                               |                                                                                                                            |
| a tactful senior nurse with good housekeeping ability. |                |               |               |                                                               |                                                                                                                                                  |                                                                                                                            |

Capt. for local reports:-

A good nurse, but very delicate & of a highly strung excitable temperament. Not suitable for a permanent district, though a nice woman & well educated.

ROLL No. 3430

Hospital Training *Stockport General Infirmary, 3 years' certificate, May 9<sup>th</sup> 1905 to May 9<sup>th</sup> 1908.*  
Other Hospital and Nursing Experience

Midwifery Training *Cheltenham, Feb. 1. 1913 to June 2. 1913. C. 14. 13. Certificate, June 1913.*

District Training *St. Patrick's Home, Dublin, May 25<sup>th</sup> to November 25<sup>th</sup> 1908.*

Result:— *A most satisfactory intelligent and good all round nurse. Has got influence on others, and a gentle nice manner.*

Lectures attended:— *Cookery, Foods, Hygiene, Fevers, Obstetrics, Social Subjects.*

Roll examinations:— *Marks 4 1/2, max. 60. Remarks:— Some parts quite good, spoils No. 2 by alternative method, unsuitable for nurse's use in such a case, without special orders.*

Other Qualifications and Remarks:—

*Cyclist.*

*Required to refund £6.8.4. in consideration of being released from her midwifery agreement. (Jan. 1914)*

| Nature of Appointment.               | Where Serving.                 | Date Entered. | Date Left.   | Cause of Leaving.                          | 1st Inspection                                                                                              | 2nd Inspection. |
|--------------------------------------|--------------------------------|---------------|--------------|--------------------------------------------|-------------------------------------------------------------------------------------------------------------|-----------------|
| Nurse                                | Leambridge Wells               | Feb. 16. 09.  |              |                                            | July 8. 09. <i>Teaching improved both in her own school and in the district.</i>                            |                 |
|                                      |                                |               | Apr. 11. 10. | Transferred at request of Superintendent.  | <i>Final Report from Leambridge. Work not thorough, she requires supervision.</i>                           |                 |
| " Temp. Since appointed permanently. | Birmingham<br>Summer Hill Road | June 6 10.    |              |                                            |                                                                                                             |                 |
|                                      |                                |               | Dec. 11. 11. | For midwifery training at her own expense. | <i>Final report from Leambridge. Work much improved. Conduct apparently satisfactory but very disloyal.</i> |                 |

Work satisfactory on the whole, would always require supervision. Failed to work amicably with fellow nurses, and was not always loyal.

P. S.

Work & conduct quite satisfactory, kind and considerate.                 |
| An average nurse, rather easy-going & inclined to be too familiar with patients. |                |               |              |                                         |                                                                                                                     |                                                                                                   |
| reformer. Nurse                                                                  | Scarborough.   | Oct. 1. 13.   |              |                                         | Feb. 6. 14. A pleasant, willing nurse, very slow but careful work.                                                  | Dec. 1-2. 1914. Kind & willing, lacks firmness & character.                                       |
|                                                                                  |                |               |              |                                         | Feb. 1915. Careful nurse, pleasant & willing.                                                                       | Feb. 1916. Pleasant, willing worker, rather easy-going, requires supervision.                     |
|                                                                                  |                |               |              |                                         | Nov. 1916. Good nurse, neat and kind, a little lacking in firmness.                                                 | Aug. 1917. A good nurse, kind and willing but lacks firmness, not suitable for a simple district. |
|                                                                                  |                |               |              |                                         | Nov. 1917. A kind and cheerful nurse, but rather slow, lacks better ideas - requires supervision.                   | Nov. 1918. A kindly nurse but no technique, ability and requires supervision.                     |
|                                                                                  |                |               |              |                                         | May 1918. An average worker, not much to write up to date. Requires supervision.                                    | May 1918. A kind nurse, works lacks finish.                                                       |
|                                                                                  |                |               |              |                                         | May 1919. Works careful but needs supervision and has not much influence with the pupils.                           | May 5. 20. A kind nurse, works lacks finish.                                                      |
| May 21. 20. Resigned from Institute for other work.                              |                |               |              |                                         | Final Report from Assoc. - Very kind and much liked but work needs constant supervision. Conduct very good. (Sufr.) |                                                                                                   |
| A pleasant, willing worker but needs much supervision.                           |                |               |              |                                         |                                                                                                                     |                                                                                                   |

Capable and efficient with gentle touch. Conductor, good, manner unobtrusive.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                 |
| Senior                                                               |                   | Nov. 1911.    |              |                                                 | Nov. 15. 11. Interim report 9. 10. 11. Good average nurse and fairly good housekeeper. Good by patients. Committed and fellow nurse. Appears to be a good worker but hasty tempered. Final Report from Assoc. - A very good worker but erratic in temperament. (Sec.)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                 |
| Capable and conscientious but tactless and difficult in temperament. |                   |               |              |                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                 |

|--------------------------------------------------------------------|---------------------|---------------|--------------|----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| Nurse                                                              | Thorpe & Ardsley.   | May 20.09.    | Nov. 21. 10  | (Off duty Feb. 11. 10 to Mar. 21. 10, hiring & back, due to a fall.) | July 9. 09. A keen careful nurse, has good experience & conduct.                                               | Apr. 29. 10. Pleasant surgical nurse, mainly of quiet good work, helpful with patients & domestic and very good. |
| "                                                                  | Bramley.            | Nov. 22. 10.  |              |                                                                      | Nov. 8. 10. A capable, pleasant nurse with decided opinions, for patients but reasonable, very thorough.       |                                                                                                                  |
|                                                                    |                     |               |              |                                                                      | July 1911. Good & thorough nurse, well educated.                                                               | Feb. 1912. Most capable & thorough nurse, somewhat capricious.                                                   |
|                                                                    |                     |               |              |                                                                      | Nov. 9. 12. 12. 1912. A smart, keen & very thoroughly interested in her nursing patients, rather unresponsive. |                                                                                                                  |
|                                                                    |                     |               |              |                                                                      | July 9. 12. A keen & careful good worker, kind & thoughtful, interested in general welfare of patients.        | May 15. 1914. Work very satisfactory, kind & interested.                                                         |
|                                                                    |                     |               | Dec. 21. 14. |                                                                      | Final Report from Assn. work. Quite satisfactory. Conduct good. (Nov. 1914.)                                   |                                                                                                                  |
|                                                                    | Lullington Hospital | Dec. 29. 14.  |              |                                                                      | Mar. 20. 15. A good natured nurse, interested but too much talked to.                                          | Nov. 10. 15. Kind & attentive rather too cautious in the patient's interest.                                     |
|                                                                    |                     |               |              |                                                                      | June 1916. Careful nurse but undisciplined and talked too much.                                                | Jan. 1917. Good nurse, kindly and interested.                                                                    |
|                                                                    |                     |               |              |                                                                      | Oct. 19. 17. A conscientious and hardworking nursing woman, but lacks initiative.                              | Feb. 1918. A well meaning, average nurse.                                                                        |
|                                                                    |                     |               | Aug. 31. 18. | Requered from Institute                                              | Final Report from Assoc. Conduct satisfactory. (Nov. Dec.)                                                     |                                                                                                                  |
| A careful and kind nurse but lacking in initiative and uneducated. |                     |               |              |                                                                      | Conduct good.                                                                                                  |                                                                                                                  |
|                                                                    | P. Poor workman, untidy appearance, dependent on others, inefficient, rather careless, requires to be under supervision. | Jan. 11. 10. Only fairly satisfactory, requires supervision.                                                                                                           |
| "                      | Garwen         | Dec. 13. 10.  | Dec. 22. 11. | Off duty May 19. 10. June 24. 1911 with pneumonia. | Final Report from Asst. Surgeon, should be back of detail. Pleasant work. Home. Kind & efficient, rather careless in detail. Frequent to be self-satisfied. Not strong.                                                                                                  | Kind Report from Asst. Surgeon, should be back of detail. Pleasant work. Home. Kind & efficient, rather careless in detail. Frequent to be self-satisfied. Not strong. |

Work careless, would always require supervision, well-meaning and pleasant, does not appear to realize her limitations and consequently does not improve. Conduct good and satisfactory in the Home.

Hospital Training *Rochdale Union Hospitals, 3 years certificate, June 22<sup>nd</sup> 1905 to October 12<sup>th</sup> 1908.*  
Other Hospital and Nursing Experience

## Midwifery Training

District Training *Manchester & Salford Sick Poor N. Inst. (Ardwick Home) entered October 12<sup>th</sup> 1908.* *Staff Candidate.*

Result:—A nurse who is quite up to the standard in her work and is much liked, not very strong.  
Lectures attended:—Those given in Manchester.  
Roll examination:—Marks 29, max: 60. Remarks:—Poor, no good grasp of any subject, does not seem to have had careful instruction. Might be considered if her practical work is good.

## Other Qualifications and Remarks:—

*Not a cyclist.*
