## Lindsay Papers and Correspondence.

## 1a. Correspondence with the Director General and the Army Medical Department.

Note the excellence of the paper used by the Department - thick foolscap with gilt edging - and the beautifully clear script.

1. 15th. March, 1824. Letter in his own handwriting from Sir James McGrigor in London.

My Dear Sir,

I am indeed very happy to congratulate you on your promotion having appeared in the Gazette of Saturday.

I beg to send you last year's report on our Charitable Institution, that for the Orphans and for cases of distress of officers of the Medical Department.

Believe me

My Dear Sir,

Most Truly yours,

J. McGrigor.

2. 28th. January 1825. Letter from the Army Medical Department signed by Sir James McGrigor, Director General addressed to W. Lindsay Esqr., Surgeon 18th. Foot, Corfu.

Regarding a debt contracted by Lindsay with a Mr. E.B. Sharp, Grocer at Portsea "so long back as 1817". Refers to previous correspondence in 1818.

"I have now to desire that you will take immediate steps to relieve the Board of any further correspondence on the subject".

Attached are three previous letters regarding this debt.

3. 3 February 1826. Letter addressed to Surgeon Lindsay, 18th. Foot, c/o Messrs Greenwood.

Requests, if he be in London, Lindsay to call on Sir James McGrigor, Director General, Army Medical Department, on Monday next at three o'clock.

4. 28th. Feb. 1826. Letter marked "private" in Sir James McGrigor's writing addressed - Lindsay Esqr. Surgeon 18th. Foot.

"Will you pardon me in bringing to your notice, on your promotion, the Benevolent Society, that for the Orphans of Medical Officers and cases of distress in our brethren of the Department".

5. 20 March 1826. A note marked "Duplicate" from the Army Medical Board office - "The Director General requests Mr. Lindsay will attend at this office tomorrow at eleven o'clock."

6. 2 August, 1826. Letter in copperplate from Berkeley Street signed S. Reed to Wm. Lindsay Esqr. 18th. Regiment at Haslar Barracks, Gosport.

"The print from the portrait of Sir James McGrigor, to which you gave in your name as a subscriber, being completed, I request you will be pleased to order the Subscription of one Guinea to be paid and inform me where the print shall be delivered."

7. 29 August, 1826. From the Army Medical Department signed by S. Reed, Secretary to Surgeon Lindsay at Haslar.

In reply to Lindsay's letter of the 28th. inst. with enclosures regarding Thomas Davis of the 27th, Regt. deemed inexpedient to discharge him at present. He should be supplied with a truss for which Lindsay will be pleased to make the necessary requisition transmitting the dimensions.

8. 31 August 1826. From the Army Medical Board Office signed by S. Reed, Secretary a printed form addressed to Wm. Lindsay Esqr. Surgeon 18th. Foot in charge of Depot Hospital at Haslar: Agent for Army Hospitals to draw on John Kirkland, No. 6 Whitehall, for the sum of Twenty Pounds on account of his Hospital expences, and for the present quarter;

the expence of the stamp to be charged in his weekly return.....  
the Bill must also be drawn for the precise sum hereby authorised  
and express for expences accrued in the Quarter ending 24th. Sepr.,  
1826.

9. 11 Sepr. 1826. Letter similar to 8 for £40 for expences accrued  
in the Quarter ending 24th. Sepr. 1826.

10. 22 Sepr. 1826. From the Army Medical Department Office  
signed by S. Reed Secretary addressed to Wm. Lindsay Esqr., Surgeon  
18th. Foot at Haslar Barracks:

The Board acknowledges receipt of Expenditure return of the 24th.  
ultimo and observes that "the charge of 6/8d. for boat hire and Stati-  
-onery for Dr. Watson is deducted therefrom as an inadmissible  
expence for a Regimental Hospital. The Doctor should pay for his  
own boat hire and stationery and transmit to this Office a quarterly  
account of his Disbursements in the Public Service.

11. 22 Oct. 1826. A draft letter from Haslar Barracks in  
Lindsay's Hand writing addressed to S. Reed Esqr., Secretary Army  
Medical Board:

Haslar Barracks,  
22nd. October 1826.

Sir,

In reply to your letter of the 20th. inst. which I did not  
receive till this morning.

I have the Honour to offer for the Director General's information  
the following explanatory observations respecting the five cases  
of fever alluded to in your communication.

In the first <sup>case</sup> all the five cases belonged to the 35th.  
Regiment and came from Hurst Monckton where that Corps is stationed  
quartered.

2nd. Soon after admission, on the following day, one of the  
five cases, tho' manifestly at first a case of continued fever,  
began to exhibit local affection of the joints together with other  
diagnostic symptoms of acute rheumatism.

Consequently the patient was discharged from under the head of  
fever and placed under that of the latter disease. He still continues  
under treatment.

3rd. All the cases appear to have been produced by the common  
causes which prevail and operate at this season of the year  
when the vicissitudes of the weather are sudden and severe.

4th. They were all rather slight and unimportant in so much  
that it did not occur to me at the time of making out the return  
to merit any remarks respecting them..

5th. They have all been discharged cured to their duty with  
the exception of the case of acute rheumatism as already mentioned.

6th. The first case was under treatment 2, the second 4, and  
each of the other two 9 days.

7th. One case of the four yielded to aperients, diaphoretics and  
dilutents, the other three, in consequence of greater excitement,  
and acceleration of pulse, and some slight ??? to the head, lost each  
thirty two ounces of blood from the arm; which together with purgat-  
ives, sudorifics, dilutents and ??? readily subdued the fever.

I beg leave further to add for the Director General's information  
that fever cannot be said to have been a prevailing disease at  
this station during the summer and autumn months of this year as,  
on examination of the returns I find that only 41 cases have been  
admitted since the 24th. of last June comprehending a space of  
four months.

I have the Honour to be

Sir, etc. etc.

12. 28 Oct 1826. Letter similar to 8 for 40 pounds for expences  
accrued in the quarter ending 24th. December 1826.

13. Letter from the Army Medical Department dated 6 Nov 1826 and  
signed by S. Reed to Surgeon Lindsay, 18th. Foot Depot Hospital.

" I am directed to observe that the Bill for £40 which you  
drew was returned by the General Agent owing to his not having  
received the warrant authorising its payment and the Banker's clerk  
who presented it declining to leave it until a reference could be  
to this Office.

Had your Bill been drawn at three days as is customary, the return

of the Bill would have been prevented. The Warrant has now been sent to the Agent, and on the Bill being presented again, will be duly honoured; as well as one for £35 on account of the present month which must be likewise drawn at three day's sight."

14. 7 Nov 1826. Letter in copperplate from Berkeley Street, Piccadilly, signed J. McGrigor, and addressed Wm. Lindsay Esqr., Surgeon 18th. Foot, regrets much to observe that Lindsay is not a member of the Benevolent Society of the Medical Officers of the Army.

"Its objects are the Orphans ; - in some cases, the parents and in some the Sisters of deceased Officers, who in their lifetime mainly contributed to the support and maintenance of their relatives.

I am sure if you were in the knowledge of the cases of deep distress which come before the Committee, you would not hesitate in giving your name to this truly excellent Society and best of all Charities.

15. Letter from the Army Medical Department signed by S. Reed, Secretary, to Wm. Lindsay Esqr. Surgeon 18th. Foot at Haslar Barracks, Gosport.

Referring to your letter of the 16th. instant, I am directed to acquaint you that the Board are satisfied with your explanation respecting the heavy expenditure in your return of last month.

They however suggest the propriety of your attaching an explanatory letter to your return should future circumstances render such an expenditure necessary,

16. 12 Feb 1827. Letter similar to 8 for £20 for Hospital Expenditure occurring in the Quarter ending 24th. March 1827.

17. 14 June 1827. Receipt- received of Surgeon Lindsay, 36th. the sum of Two Guineas, being his subscription to the Army Medical Officers' Benevolent Fund for the Year 1827.

18. Report of the Committee of the Army Medical Officers' Benevolent Society, laid before the Seventh Annual General Meeting held at Willis's Rooms, King's Street, St. James's on the 22nd of May, 1828.

"The Committee of the 'Army Medical Officers' Benevolent Fund desire to report that they have devoted their Best Attention to the interest of the Fund during the past year, and have been seconded by a corresponding feeling on the part of their Brother Officers, highly honourable to their spirit and Liberality.".....

A Statement of the Society's Accounts is given with a full list of Subscribers, Surgeon Lindsay's name being included as a new subscriber.

Contributors to the Fund who have been conspicuous by their acts of liberality are listed.

The sum of £150 awarded at the last General Meeting in various proportions as then stated, among the most helpless of the Orphans of Army Medical Officers, has been duly paid and Gratefully received.

The Committee recommend that the sum for distribution on the present occasion be limited to Two Hundred Pounds.

The Report records that the Society was instituted in May, 1820.

Subscriptions by: 67 ladies.

Some 522 Officers. (The Worshipful Society Of Apothecaries heads the list.)

£777.2.11 invested

£160 given to 23 Orphans, £10 of this being a special Grant.

Donations during the year amounted to some £530, annual contributions to £333; dividends were £151.

19. 16 May. 1829. An extract from the Proceedings of the Annual General Meeting of the Medical Officers of the Army held at the Thatched House Tavern, St. James's Street, 16th. May 1829.

Records progress in the Museum and Library at Chatham. Mentions various "most valuable documents" contained in the Record Room in Berkeley Street including a Complete History of the State of the Health of the British Army in every quarter of the World, from 1816 to 1828, in 111 folio volumes as given in the Annual reports and returns.

20. 16 May, 1829. Report of the Committee of the Army Medical Officers' Benevolent Society laid before the Eighth Annual General Meeting held at The Thatched House Tavern St. James's Street on the 16th. May, 1829.

Sir,

Mr E. B. Sharpe, Grocer

me your letter of the 5<sup>th</sup> December  
last to him, regarding a debt  
contracted so long back as 1817,  
in which you state your surprise  
that he did not apply for the  
payment thereof before, I am under  
the unpleasant necessity of  
reminding you of the correspondence  
which took place at Malta in  
January 1818, respecting this claim,  
when your Letter, accounting for the  
money not having been transmitted  
by the Packet, in consequence of the  
difficulty of getting a Bill from a  
Merchant for so small a sum,  
was forwarded to Mr Sharpe through  
Mr Gunning.

Sir

Your letter to me of the 15 Dec. 24 was duly received and I am not a little surprised at your expressing yourself to have no knowledge of the nature of my Dept. with apen, I should think it could not slip your memory on the 29 July 1817 while the 3d Regt was embarking my calling on you with the Hospital account and your expressing your sorrow that you could not pay the whole amount and requested me to take a bill for the remainder \$400.00 at three months after date which you promised would be duly honored, and your not having any men in barracks at command I went myself and bought the stamp for you.

You state that you think if Hospital Surgt. Dunn must be the contractor of my Dept he having turned out a very bad Character I can only state that Surgt. Dunn while he had the goods in his own name for the Hospital paid me honorably and think he never was beyond seven days

after the 24<sup>th</sup> of each month but his  
account was settled & I <sup>know</sup> not what your  
reason was for calling on me and paying  
part of a bill had in Serjt. Nunns name

Dear Sir,

I regret much to observe that you are not a member of the Benevolent Society of the Medical Officers of the Army. Its objects are, the Orphans of Medical Officers; - in some cases, the Parents, and in some, the Sisters of deceased Officers, who in their lifetime mainly contributed to the support and maintenance of their Relatives; I am sure if you were in the knowledge of the cases of deep distress which come before the Committee, you would not hesitate in giving your name to this truly excellent Society, and list of all Charities.

Believe me,

my dear Sir,

truly yours,

# REPORT

## OF THE COMMITTEE OF

### THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE SEVENTH ANNUAL GENERAL MEETING,

HELD

At WILLIAMS'S ROOMS, King Street, St. James's, on the 22nd of May, 1828.

W. W. FRASER, Esq. Inspector of Hospitals, in the Chair.

THE Committee of "The Army Medical Officers' Benevolent Fund" desire to report, that they have devoted their best attention to the interests of the Fund during the past year, and have been seconded by a corresponding feeling on the part of their Brother Officers, highly honourable to their spirit and liberality.

In entering upon their duties, they could not but feel some hesitation. It was scarcely reasonable to hope, that the stream of Benevolence, which had flowed uninterruptedly for seven years, and brought the Fund into its present prosperous condition, should continue; but it is now the pleasing duty of that Committee to state, that such expectations have been agreeably disappointed—that the springs of Charity are still as productive as ever, and that the Receipts of the past year have scarcely been exceeded by those of any year since the establishment of the Fund.

It will be seen, by reference to the annexed Statement of the Society's Accounts, that the Receipts since the last General Meeting have amounted to £1,000; that is to say, Donations and Subscriptions, £854; Interest on Stock, £166.

£900 Three per Cent. Consols have been purchased during the year, making the Society's Stock, at this time, to consist of £4,400 Three per Cent., and £1,000 Four per Cent., producing £172 per Annum.

The Committee consider that their duties would be imperfectly performed, were they to omit recording the names of those Contributors to the Fund, who, during the past year, have been conspicuous by their acts of liberality. The accompanying List of Subscribers is so contrived, as to show at one view the whole Receipts of the year. In casting their eyes over it, the attention of Members will probably be drawn to the following Names:—

Lady M'Grigor, by the additional Sum of Five Pounds, has made up her Subscription to Fifteen Pounds. Mrs. Borland has contributed Ten Guineas. Mrs. Henderson, Mrs. T. Gunning, and Mrs. Bohan, Ten Pounds each. Mrs. Harrington and Mrs. Starkie are Contributors of Five Pounds each.

The Society is doubtless aware that Sir Lucas Pepys, Bart., the Worshipful Company of Apothecaries, and Calvert Clarke, Esq., are Donors to the Fund, of Ten Guineas annually. Dr. Shapter has made a second Donation of £21. John Lawrie, Esq., Army Agent, and Dr. Mount, of the 14th Foot, are Contributors to the same amount. Dr. Brown, Inspector of Hospitals at Madras, has transmitted to the Treasurer the Sum of £27 13s., being a Collection, in aid of the Funds, from the Medical Officers on that Station. Dr. M'Mullen, Deputy Inspector of Hospitals, has presented £20, and the following Officers are Contributors of Ten Guineas each: Dr. Woolriche (2nd Donation); Dr. Broadfoot; Dr. Sweeney; Dickens Buckle, Esq.; Dr. Baird; Dr. Ingham, 29th; Surgeon Millar, 47th Foot; Surgeon Barlow, 71st; Assistant Surgeon Cotton, 14th Regiment; Surgeon Brown, 45th Regiment; Dr. Browne, H. P.; and Assistant Surgeon Richmond, 4th Dragoons. Sir James M'Grigor, by a recent Contribution of Five Pounds, has made up his total Donation to Thirty-five Pounds. Mr. Bruce, of the Royal Military College, by the payment of Eight Guineas, has made up his total Subscription to Twenty-one Pounds. Assistant Surgeon Browne, of the 25th, has contributed £7 18s.

The following Gentlemen have entitled themselves to the especial Notice of the Subscribers, by expressing their intention of making an Annual Payment of Five Guineas: viz.—

Dr. Foster, 56th, H. P.; Surgeon Richardson, of the 2nd West India Regiment; and Dr. Hamilton, Staff Surgeon.

The Committee have the further satisfaction of reporting, that the Sum of One Hundred and Fifty Pounds, awarded at the last General Meeting, in various proportions, as then stated, among the most helpless of the Orphans of Army Medical Officers, has been duly paid and gratefully received; and the Committee have reason to think that such Assistance has contributed most essentially to their Comfort.

The Committee recommend that the Sum for Distribution, on the present occasion, be limited to Two Hundred Pounds.

EXTRACT from the PROCEEDINGS of the ANNUAL GENERAL MEETING of  
the MEDICAL OFFICERS of the ARMY, held at the Thatched House Tavern,  
St. James's Street, 16th May, 1829.

IN regard to the Musuem at Chatham, it was stated, that, by the unwearied exertions of Dr. CLARKE, and the scientific labours of Mr. GULLIVER, it has increased in size, and in the value of the preparations: during the year it has received the most valuable additions. A collection of the most beautiful preparations in Natural Structure has been formed by Mr. GULLIVER, which, with some presented by Dr. KNOX of Edinburgh, are the admiration of several able Anatomists who have visited Chatham; these preparations are, further, of the highest utility, particularly to the junior Officer.

In Natural History, of the Classes Mammalia, Birds, Fishes, Insects, and Testacea, the collection is of very considerable value, and most important additions are announced as on their way, by the Medical Officers serving in the peninsula of India. In the mineral kingdom we are rich;—we possess about 1800 specimens; 400 of which have been added to the Museum during the year, from North America, Bermuda, the Mediterranean, and from India. The principal contributors to the Museum, in Anatomy and in Natural History, have been Drs. MONRO, KNOX, BALLINGHALL, and REID, of Edinburgh; Mr. BAINTON, of St. Bartholomew's Hospital; Drs. BURKE and FORBES; Staff Surgeons COLLIER, WILLIAMS, HILL, STEWART, PILKINGTON, and DOYLE; Surgeons M'ARTHUR, COLCLOUGH, ROE, and WHITE; Assistant Surgeons GULLIVER, GIBSON, MORGAN, BROWN, HUTHWAITE, CRAWFORD, and DAVEY.

Under the care of Dr. CLARKE and a Committee of the Officers doing duty at Chatham, the Library continues to receive valuable additions:—143 volumes have been added to it during the year, making now a total of 1530 volumes. Of the 143 volumes added during the year, 109 are donations, and 34 have been purchased out of the very slender funds, and by the liberal contributions of money by some gentlemen. The principal donors have been Mr. BRUCE, of the Royal Military College; Staff Surgeon BURTON (to whom your Museum and Library owe so much), Dr. LINDSAY, Mr. GULLIVER, Dr. KINNIS, Mr. ALLAN, Staff Surgeons MARSHALL and J. V. THOMPSON, Drs. ABERCROMBIE and MACINTOSH, of Edinburgh: Doctors BALLINGHALL and COPE, and Staff Surgeon J. V. THOMPSON, have presented works published by them.

Donations in money have been liberally given, by Dr. SHAPTER, £5.; Dr. SYMES, Assistant Surgeon H. P. 88th Regiment, £5.; Staff Surgeon STEWART, £2. 2s.; Assistant

Surgeon CAVET, £1. 1s. So slender are the funds of the Library, that, until these donations in money were received, we could neither print the Catalogue, nor bind some valuable works of reference. It is earnestly hoped that donations in money and in books will continue to flow in, and that every Medical Officer who has not contributed will do so; and, further, that our brethren in civil life will present copies of their works.

In the Record Room, in Berkeley Street, are contained most valuable documents:—

1st. A Complete History of the State of Health of the British Army in every quarter of the world, from 1816 to 1828, in 111 folio volumes, as given in the Annual Reports and Returns. This history of diseases is perfect and most valuable, as connected with the collection of morbid preparations at Chatham. In the Record Room will likewise be found, the History of Disease in the Army for a series of years before 1816, although not in so connected a form.

2nd. Histories of particular Diseases, chiefly those prevalent or endemic in distant stations and the colonies, being replies to queries.

3rd. Four folio Volumes of Topographical Statements, illustrated by Plans, Drawings, and Sketches of all the Cantonments and Stations of Troops at home and abroad.

4th. A valuable Collection of Papers on the Syphilitic question.

5th. In five folio Volumes, Monthly Statements of the Diseases prevailing in the Army from 1815 to 1829, and

6th. A large and valuable Collection of the Histories of particular Cases of Disease, with the post mortem appearances.

Officers are invited to visit the contents of the Record Room, which are open to any gentleman of the profession who may apply; no one can consult these documents without advantage; the arrangement and care of them form a monument of the industry and talents of Dr. GORDON, who has nearly completed a tabular statement of the disease, mortality, and number of soldiers rendered ineffective from disease, from 1816 to 1826—a document not less valuable than curious.

In conclusion, it was stated, that the local Museum and Library formed on each Foreign Station, are all of them in a flourishing state, more particularly that at Ceylon, which was first formed by Dr. FARRELL, brought to high perfection by Mr. COLLIER, and now under the able superintendence of Dr. FORBES; that at Quebec, under Dr. M'DOUGLE; that in Nova Scotia, under Dr. SKEY; in Jamaica, under Mr. DRAPER; and under Dr. ARTHUR, at the Cape of Good Hope.

Several Medical Officers have gained great distinction by their pursuits in different branches of Natural History and Comparative Anatomy:—Mr. COLLIER, at Ceylon; Dr. KNOX, of Edinburgh; Mr. BURTON, of Chatham; and Staff Surgeon, J. V. THOMPSON, Editor of the "Zoological Journal."

# REPORT

## OF THE COMMITTEE OF

### THE ARMY MEDICAL OFFICERS' BENEVOLENT SOCIETY,

LAID BEFORE THE EIGHTH ANNUAL GENERAL MEETING,

HELD

*At the THATCHED HOUSE TAVERN, St. James's Street, on the 16th of May, 1829.*

DR. SOMERVILLE, IN THE CHAIR.

THE Committee beg to offer their best thanks to the Subscribers to "The Army Medical Officers' Benevolent Society," for the support they have received since the last Annual General Meeting; they regret, however, to observe, that the amount has not been equal to former Years, yet they have received several large Donations, and have been enabled to add £600 Three per Cents. to the Capital Stock of the Society, which now consists of £5000 Three per Cent. Consols, and £1000 Four per Cents, producing an Annual Income of £190. The Committee recommend that £200 be granted for Distribution for the present Year, and they confidently hope, that before the next Annual Meeting a similar sum will be obtained for the objects of the Society, from the Interest of the Stock alone, without touching any part of the Subscriptions.—The Secretary then read the Abstract of Receipts and Expenditure, and the Names of the New Subscribers, whose Names appear in Italics, as follows.
